The Dragonpalace Pearl:

Journey to the West: A New Perspective (Full-Color Comic Edition) Teacher Xiaoge, This book vividly recreates the entire process of the Eighty One Calamities from the perspective of various demons With a unique viewpoint witty language and clear organization it offers a fresh take on Journey to the West While retaining the story s framework it provides a more vivid depiction of key demon characters in each chapter helping to prevent children from experiencing aesthetic fatigue or boredom when reading the original Journey to the West

The Power of Denial Bernard Faure,2009-01-10 Innumerable studies have appeared in recent decades about practically every aspect of women s lives in Western societies The few such works on Buddhism have been quite limited in scope In The Power of Denial Bernard Faure takes an important step toward redressing this situation by boldly asking does Buddhism offer women liberation or limitation Continuing the innovative exploration of sexuality in Buddhism he began in The Red Thread here he moves from his earlier focus on male monastic sexuality to Buddhist conceptions of women and constructions of gender Faure argues that Buddhism is neither as sexist nor as egalitarian as is usually thought Above all he asserts the study of Buddhism through the gender lens leads us to question what we uncritically call Buddhism in the singular Faure challenges the conventional view that the history of women in Buddhism is a linear narrative of progress from oppression to liberation Examining Buddhist discourse on gender in traditions such as that of Japan he shows that patriarchy indeed misogyny has long been central to Buddhism But women were not always silent passive victims Faure points to the central role not only of nuns and mothers and wives of monks but of female mediums and courtesans whose colorful relations with Buddhist monks he considers in particular Ultimately Faure concludes that while Buddhism is in practice relentlessly misogynist as far as misogynist discourses go it is one of the most flexible and open to contradiction And he suggests unyielding in depth examination can help revitalize Buddhism s deeper more ancient egalitarianism and thus subvert its existing gender hierarchy This groundbreaking book offers a fresh comprehensive understanding of what Buddhism has to say about gender and of what this really says about Buddhism singular or plural

Becoming Immortal in Destructing Demons Du GuMieTian,2019-11-06 The young master of the Godless Palace in the Western Regions had once bullied him and the successor of the Martial Union was his rival in love One after another his opponents forced him to become strong to have a strange background to have a strange bloodline to become the core of the human race during the battle of the God s Annihilation Previous Chapter Table of Contents Next Chapter

Graphics and Text in the Production of Technical Knowledge in China Francesca Bray,Vera Dorofeeva-Lichtmann,Georges Métaillé,2007-10-15 This collection offers a challenging new interpretation of technical knowledge in Chinese thought and practice Conveying technical knowledge in China through charts plans or drawings tu dates back to antiquity Earlier studies focused on specialised forms of tu like maps or drawings of machines

Here however tu is identified in Chinese terms viz as a philosophical category of knowledge production visual templates for action spanning a range from mandala to modernist mapping projects inseparable from writing but with distinctive powers of communication A distinction is made between two principal types of tu ritual symbolic and representational highlighting essential issues such as historical shifts in their significance the relations between tu and political power media for inscribing tu and the impact of printing and encounters with the West

Perhaps more than any other symbol the dragon has come to be associated with China It first appears as a motif in distant mythical antiquity and has undergone a profusion of changes in form China's ancient sage Confucius who lived two and a half millennia ago is said to have gone to visit the sage Lao tzu to inquire about the Way of Propriety and after the interview he is supposed to have signed that Lao tzu was truly a dragon among men Dragons were seen as living creatures that could be nourished or killed and which held pearls of great preciousness in their throats These are all myths or legends but they illustrate the power that the dragon as a symbol has long held in the hearts and minds of the Chinese people the dragon has been celebrated in the spoken and written word in China for the past several thousand years Preface
