The Early Development Of Henry James:

The Early Development of Henry James Cornelia Pulsifer Kelley, 1963 [The Early Development of Henry James](#)
Cornelia Pulsifer Kelley, 1930 [The Growth of the American Thought](#) Merle Eugene Curti, Hailed as a pioneer achievement upon its original publication and awarded the Pulitzer Prize in history in 1944 [The Growth of American Thought](#) has won appreciative reviews and earned the highest regard among historians of the national experience With his elaboration of the complex interrelationships between the growth of American thought and the whole American social milieu Curti creates not only an intellectual history but a social history of American thought **American Literature Before 1880** Robert Lawson-Peebles, 2003-11-13 [American Literature Before 1880](#) attempts to place its subject in the broadest possible international perspective It begins with Homer looking westward and ends with Henry James crossing the Atlantic eastwards In between the book examines the projection of images of the East onto an as yet unrecognised West the cultural consequences of Viking Colombian and then English migration to America the growth and independence of the British American colonies the key writers of the new Republic and the development of the culture of the United States before and after the Civil War It is intended both as an introduction for undergraduates to the richness and variety of American Literature and as a contribution to the debate about its distinctive nature The book therefore begins with a lengthy survey of earlier histories of American Literature **The Revolt against Romanticism in American Literature as Evidence in the Works of S. L. Clemens** Sten Bodvar Liljegren, 1964 [A Literary History of England Vol. 4](#) A. Baugh, Kemp Malone, 1959 **New Essays on 'Daisy Miller' and 'The Turn of the Screw'** Vivian R. Pollak, 1993-11-26 Specifically designed for undergraduates the series will be a powerful resource for anyone engaged in the critical analysis of major American novels and other important texts [The Ironic Dimension in the Fiction of Henry James](#) John A. Clair, 1965 **Essays in Law and History for David Ibbetson** Joe Sampson, Stelios Tofaris, 2024-12-12 Over the last 40 years David Ibbetson has paved the way in a remarkably broad range of fields In ancient law his scholarship has spanned both the detailed doctrine of the Roman law of obligations and the cross pollination of legal influences around the ancient Mediterranean His work on English legal history has ranged from the earliest days of the common law through to the turn of the 20th century combining forensic archival research with a sensitivity to how lawyers thought about their subject In European legal history he has shown the porousness of the civil law and the extent to which it has been shaped by other areas of intellectual life from theology to rationalist philosophy The contributions to this volume in his honour mirror both the breadth and the depth of Ibbetson's scholarship The book combines chapters from leading legal historians close colleagues and over a dozen of Ibbetson's students Some chapters build upon or respond to Ibbetson's ideas others his areas of interest The contributions are introduced by Ibbetson's valedictory lecture on the importance of legal history to modern practice and scholarship and the work yet to be done [Christian business values in an intercultural environment](#) Bernhard Wolf, Norlin
