## **Trinity Paradox:**

The Trinity and the Vindication of Christian Paradox BA Bosserman, 2015-02-26 The Trinity and the Vindication of Christian Paradox grapples with the question of how one may hold together the ideals of systematic theology apologetic proof and theological paradox by building on the insights of Cornelius Van Til Van Til developed an apologetic where one presupposes that the Triune God exists and then proves this Christian presupposition by demonstrating that philosophies that deny it are self defeating in the specific sense that they rely on principles that only the Trinity as the ultimate harmony of unity and diversity can furnish A question raised by Van Til s trademark procedure is how he can evade the charge that the apparent contradictions of the christian faith render it equally self defeating as non Christian alternatives This text argues that for Van Til Christian paradoxes can be differentiated from genuine contradictions by the way that their apparently opposing elements discernibly require one another even as they present our minds with an irresolvable conflict And yet Van Til failed to sufficiently vindicate the central Christian paradox the doctrine of the Trinity along the lines required by his system Hence the present text offers a unique proof that God can only exist as the pinnacle of unity in diversity and as the ground of a coherent Christian system if He exists as three and only three divine persons

**Paradox and Truth** Ralph Allan Smith, 2002 More than 1 500 years after the foundational church councils the doctrine of the Trinity is still as central and as puzzling to theologians as ever Reformed theology has seen increasing calls for the Trinity to live at the center of Christian confession prompting the need for a fuller biblical and practical understanding of the subject In recent Reformed thought Cornelius Van Til and Cornelius Plantinga Jr have proposed important trinitarian theologies Ralph Smith assesses these views and filling out a Van Tilian perspective with Kuyper s lesser known covenantal view he provides a refreshing biblical historical and applicable perspective on this key Christian reality

**Dictionary of Critical Realism** Mervyn Hartwig, 2015-01-30 Dictionary of Critical Realism fulfils a vital gap in the literature Critical Realism is often criticised for being too opaque and deploying too much jargon thereby making the concepts inaccessible for a wider audience However as Hartwig puts it Just as the tools of the various skilled trades need to be precision engineered for specific interrelated functions so meta theory requires concepts honed for specific interrelated tasks it is impossible to

think creatively at that level without them This Dictionary seeks to redress this problem to throw open the important contribution of Critical Realism to a wider audience for the first time by thoroughly explaining all the key concepts and key developments It includes 500 entries on these themes and has contributions from major players in field However this text does not stop there it goes further than simply elucidating the concepts and includes a number of essays which use the notions in important areas thereby demonstrating the appropriate use of the concepts in action to encourage their wider use This book will become a requisite reference tool for Critical Realist scholars and Philosophers and Social scientists alike will enjoy this vital introduction and explanatory text of the indispensable ideas contained within the dynamic and vibrant school of Critical Realism

**The Yogi and the Devotee** Ninian Smart,2011 First published in 1968 Ninian Smart s The Yogi and the Devotee The Interplay Between the Upanishads and Catholic Theology is based on lectures given in Delhi and explores in a novel way the relation between Hinduism and Christianity The author puts forward a general theory of the relationship between religious experience and doctrines a theory he had developed in earlier works He argues that a new form of natural theology should be presented which would show the relevance of religious experience and ritual to what is given in revelation Smart believes this could be the key to a new understanding between Christianity and Indian religions and also examines what Christians can learn from other faiths During a career as a Professor of Religious Studies and Philosophy Ninian Smart was hugely influential in the way Religious Studies was taught not only in Britain but around the world
