DE CAMP,2017-07-25 pure swashbuckling fun with a touch of bawdiness P Schuyler Miller reviewer for Astounding Science Fiction and Analog A remarkable job Galaxy Science Fiction magazine Celebrated author L Sprague de Camp recaptures our imaginations with this accounting of the relationship between of God and Man in a tale that critic Groff Conklin says is in the Conan tradition in every sense of the word though better written When the Gods of the West assemble to talk about the fate of the bronze age lands of Poseidonis Drax the Tritonian god of war declares that a danger to their kind hails from the kingdom of Lorsk and more particularly from the royal family Entigta sea god to the Gorgons appears before King Zeluud ordering him to make war upon those who threaten them the most In the kingdom of Lorsk King Zhabutir's twin sons Vakar and Kuros are at odds Vakar being the younger by a quarter hour is heir according to their old system of ultimogeniture which Kuros finds unjust But when the threat to their kingdom becomes known Vakar is sent on a quest to obtain the thing that the Gods fear most The Tritonian Ring for he is the one man whose actions the Gods cannot divine the one man for whom the gods do not appear in dreams Granting its bearer the ability to repel magic or interference from the gods The Tritonian Ring could turn the tide of any battle But as Vakar traverses the many kingdoms for the ring made out of metal fallen from the stars many obstacles distractions will stand in his way **The Three Ages of Atlantis** Diego Marin,Ivan Minella,Erik Schievenin,2013-11-28 Scientific and anthropological evidence for multiple Atlantean empires and the global

catastrophes that destroyed them Reveals that there was not one but three Atlantises the first in Antarctica the second in South America and the third in the Mediterranean Examines geological evidence of super floods 15 000 11 600 and 8 700 years ago Shows how these flood dates directly parallel the freezing of Antarctica the migrations of Cro Magnon men and the destruction of Atlantis according to Plato 15 000 years ago the Earth s axis tilted shifting the geographic poles Volcanoes erupted the icecaps melted and the seas rose dramatically Antarctica was enveloped in ice destroying the high civilization of prehistory Atlantis But before the survivors could reestablish what they had lost catastrophe struck again twice Uniting scientific findings with theories on the location of Atlantis the authors reveal that there was not one but three Atlantises the first in Antarctica the second in South America and the third in the Mediterranean Examining paleoclimatology data they show that Antarctica was temperate 15 000 years ago and home to the original Atlantis They explore geological evidence of three worldwide super floods 15 000 11 600 and 8 700 years ago and show how these dates directly parallel the freezing of Antarctica the arrival of Cro Magnon man in Europe and the destruction of Atlantis according to Plato Uncovering the influence of the Atlanteans in Proto Indo European languages and in massive ancient monuments aligned with the stars they show how the civilization founders in all early myths the Pelasgians Danaans Viracocha Aryans and others were part of the Atlantean diaspora and how this migration split into two major movements one to Latin America and the other to Europe and Asia Following the Atlanteans from a warm Antarctica up to Peru Mexico and the Mediterranean they reveal that Cro Magnon men are the people of Atlantis and that we are just now returning to their advanced levels of science technology and spirituality
