layered fabrics cloths with double and triple weaves and later made extensive use of the jacquard loom The result was a rebirth of hand weaving and new professionalism in designing textiles for mass production In this model study superlatively documented with rare or little seen photographs of the textiles and their makers Sigrid Wortmann Weltge captures the heady atmosphere of creative excitement at the Bauhaus Original archival research and interviews both with survivors and their students and with leading contemporary designers detail the workshop s history and its enduring legacy When the Nazis closed the institution in 1933 its members dispersed to Switzerland Holland England France Russia Mexico and throughout the United States their ideals and influence live on in marvelous fabrics still being produced today BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Texas Outlook** ,1928
