

Working Women In Recession

New York (State).

Working Women In Recession:

Working Women in Recession Roderick Martin, Judith Wallace, 1984 **Focus On-- this Recession's Invisible Victims, Women Sales and Service Workers** ,1991 **The Impact of the Economic Crisis on Women's Work in Saskatchewan [parts 1 & 2]** Kay Dieckman Willson, 1985 *Critical and Feminist Perspectives on Financial and Economic Crises* Sakiko Fukuda-Parr, James Heintz, Stephanie Seguino, 2017-10-02 Economic and financial crises have become perennial features of today's global economy. Macroeconomic theories of crisis including the global crisis that unfolded in 2008 emphasize the role of financial deregulation, capital flow imbalances and growing debt fueled by income and wealth inequality. These approaches tend to be divorced from feminist thinking which analyzes broader distributional dynamics transmitted through structural channels and government policy responses with an emphasis on gender, race, class and ethnicity. This volume brings together innovative thinking from heterodox macroeconomists and feminist economists to explore the causes, consequences and ramifications of economic crises. By doing so it highlights aspects of the economy that are frequently overlooked or ignored such as the impact of crises on the vast amount of unpaid work which women perform relative to men. The collection of international studies assembled here takes an innovative approach to analyzing a range of issues from the subprime mortgage crisis to the gendered effects of austerity to the role of the International Monetary Fund in governing an unstable global economy. In so doing it looks beyond causes and consequences and points to new directions for macroeconomic and financial policy. This book was originally published as a special issue of *Feminist Economics*.

Working Women in Recession, Employment, Redundancy and Employment ,1984 *Women at Work* ,1983 *Women and Recession* ,2009 **Working Daughter** Liz O'Donnell, 2019-07-31 *Working Daughter* is a revelatory look at who's caring for our aging population and how these unpaid family caregivers are trying to manage caring for their parents, raising their children, maintaining relationships and pursuing their careers. It follows the author who was enjoying a fast-paced career in marketing and raising two children when both of her parents were diagnosed with terminal illnesses on the same day. In the challenges she faced and the choices she made, readers will learn how they can navigate their own caregiving experiences and prepare for when they are inevitably called on to care for their parents. *Working Daughter* sparks the conversation we so desperately need to have about women and the workplace. With 10,000 people turning 65 every day and a shortage of caregivers predicted in the next few years, it's time we talk about how family caregivers and their employers will face the impact of a rapidly aging society. There are plenty of books about managing career and children, but little advice on how to balance career and parents along with children, marriages and friendships. *Working Daughter* provides a blueprint for women and a call to action for business leaders and policy makers. This book is for women who want straight talk and real advice about the challenges of eldercare, the choices they will need to make, the aspects of caregiving they can control and that which they cannot. And finally, *Working Daughter* shows family caregivers how they can achieve the caregiver's gain, the

underreported but well documented upside to caring for an aging parent Women and the Workplace United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Employment and Productivity,1991

Working Woman ,1996 **Working Women** Ramona Edelin,1978-07-20 USA Monograph on a workshop studying obstacles to equal opportunity employment encountered by woman workers in new england covers recruitment promotion employment opportunities wages trade unionization etc With respect to manual workers office workers managers service sector and professional workers and discusses strategies to improve the status of woman wage earners List of participants Annotated bibliography pp 187 to 204 graphs references and statistical tables *Women and Austerity* Maria Karamessini,Jill Rubery,2013-09-11 Austerity has become the new principle for public policy in Europe and the US as the financial crisis of 2008 has been converted into a public debt crisis However current austerity measures risk losing past progress towards gender equality by undermining important employment and social welfare protections and putting gender equality policy onto the back burner This volume constitutes the first attempt to identify how the economic crisis and the subsequent austerity policies are affecting women in Europe and the US tracing the consequences for gender equality in employment and welfare systems in nine case studies from countries facing the most severe adjustment problems The contributions adopt a common framework to analyse women in recession which takes into account changes in women s position and current austerity conditions The findings demonstrate that in the immediate aftermath of the financial crisis employment gaps between women and men declined but due only to a deterioration in men s employment position rather than any improvements for women Tables are set to be turned by the austerity policies which are already having a more negative impact on demand for female labour and on access to services which support working mothers Women are nevertheless reinforcing their commitment to paid work even at this time of increasing demands on their unpaid domestic labour Future prospects are bleak Current policy is reinforcing the same failed mechanisms that caused the crisis in the first place and is stalling or even reversing the long term growth in social investment in support for care This book makes the case for gender equality to be placed at the centre of any progressive plan for a route out of the crisis *Problems of Working Women* ,1986 Women in the Modern Sector Labour Force in Nigeria Tayo Fashoyin,Felicia Durojaiye Oyekanmi,Eleanor R. Fapohunda,1985 Women at Work George Gheverghese Joseph,1983 *Problems of Citizenship* Hayes Baker-Crothers,Ruth Allison Hudnut,1924 **Women's Employment Situation and Its Main Problems in Japan** Keiko Imai,1995 **Employment and Earnings of Men and Women in New York State Factories, June 1923-June 1925** New York (State). Department of Labor. Bureau of Statistics and Information,1926 New York Court of Appeals. Records and Briefs. New York (State)., **Issues in Education and Training for Working Women** Denise Wilder,1980
