The People of the Truth Robert E. Webber, Rodney Clapp, 2001-02-06 In this provocative book a prominent theologian and a leading Christian editor speak to all Christians who have grown mistrustful of the church's involvement in religious political power plays and are seeking the way home Robert E. Webber and Rodney Clapp examine the dilemma so many Christians face what to do if you are an enthusiast for neither the New Right nor the Old Left but still take seriously the church's social and political responsibility *People of the Truth* offers a biblical solution to this perplexing question The authors show how American Christians have come to depend on the nation rather than the church as their primary instrument of social change and communal influence They call for the church to move beyond the dead end of civil religion to affirm the authentic role of the worshipping community in effecting social change The church should dare to lay down its life the authors write to give up its ill begotten political leverage to turn aside from success and stop counting heads or dollars to stand at the side of forgotten poor and oppressed to be a sign and a witness of humanity's insufficiency and God's all sufficiency Drawing upon the works of many esteemed theologians and historians the authors trace the growth of Christianity and offer a fresh approach to the history of the church in the world They reveal how the church's identity and vision have become confused how they can be recovered and how Christians by living out their distinctive story as a worshipping community can heal society's ills *People of the Truth* provides concrete examples of how the church by realigning itself with its Christ centered mandate can effectively respond to such urgent problems as poverty drug abuse violence pornography AIDS and the ever present threat of nuclear war Here is at once a summons and a guide for the church to become in fact what it has always been ideally the only people charged with proclaiming this Christ a people of the truth

The Message of Worship John Risbridger, 2015-07-24 The invitation to worship God is the highest privilege of human beings a privilege squandered by sinful rebellion but also gloriously restored to us through the death resurrection and ascension of Jesus Christ Biblical worship is a response to God's revelation of himself empowered by the Holy Spirit which finds expression in every aspect of human life and experience At the same time there is a great deal of music and song in the Bible Music is a wonderful gift of God in creation and there is every reason to embrace its riches and harness its power responsibly for the glory of God and the blessing of his people However Christians have often been divided over the theology and practice of worship with differing views about spiritual gifts the place of liturgy priorities attached to various functions of the church the weight given to congregational and whole life worship and the role and style of music While many of these areas are touched on in John Risbridger's excellent exposition his intention is not to court controversy but simply to allow Scripture to speak in the hope of establishing as much common ground as possible He follows a loosely trinitarian structure in which the main sections explore the connection between worship and the purpose of the Father the supremacy of the Son and life of the Holy Spirit Each section concludes with two chapters on the

Psalms in which we hear a variety of voices and learn to join their distinctive song **The Divine Imperative** Emil Brunner, 2026-01-01 What ought we to do is the guiding question of Emil Brunner's *The Divine Imperative*. Here this age-old question is taken up by Brunner and is answered in light of his Reformed Christian theology. Dubbed a Protestant Ethic, *The Divine Imperative* is a systematic ethical treatise and for Brunner the first to be centred around the Reformed faith. Here Brunner lays the groundwork for a Christian conception of the moral life in a world where morality itself is often doubted or denied. Animated by the need to respond to an encroaching moral relativism where many believe that there is no true Right nor Wrong, no true Good nor Evil, Brunner provides an answer to the problem of ethics and morality in the modern age. In doing so, Brunner engages with a wide range of theoretical and practical issues from philosophy's rationalisation of morality to the crisis of marriage to the task of the Christian living under capitalism. **The Book of Revelation** Leonard L.

Thompson, 1997-02-13 About seventy years after the death of Jesus, John of Patmos sent visionary messages to Christians in seven cities of western Asia Minor. These messages would eventually become part of the New Testament canon as *The Book of Revelation*. What was John's message? What was its literary form? Did he write to a persecuted minority or to Christians enjoying the social and material benefits of the Roman Empire? In search of answers to these penetrating questions, Thompson critically examines the language, literature, history, and social setting of the Book of the Apocalypse. Following a discussion of the importance of the genre, apocalypse, he closely analyzes the form and structure of the Revelation, its narrative and metaphoric unity, the world created through John's visions, and the social conditions of the empire in which John wrote. He offers an unprecedented interpretation of the role of boundaries in Revelation, a reassessment of the reign of the Emperor Domitian, and a view of tribulation that integrates the literary vision of Revelation with the reality of the lives of ordinary people in a Roman province. Throughout his study, Thompson argues that the language of Revelation joins the ordinary to the extraordinary, earth to heaven, and local conditions to supra-human processes. *Deuteronomy* Athas, George, **Shadow Minister** Pastor Paul Leacock, 1901 An Essential Resource for Associate Pastors and Ministers at all Levels. In an egotistical world, we are deemed successful only when we are number one. This idea is so embedded in our psyches, we spend our entire lives trying to reach the top, sometimes at all costs. But is full accomplishment only experienced when you are at the top? Can you succeed in ministry without occupying the chief seat of leadership and power? In this theological and personal reflection, the author gives voice to many unspoken experiences and ambitions of associate ministers who faithfully serve their more prominent and popular leaders, unnoticed. Having served successfully in the shadow of one of the most outstanding pastors and congressmen in the USA, the author writes from a wealth of knowledge and experience. Drawing from his personal and vocational journey, he boldly redefines success in ministry and demonstrates that fulfillment and success are possible even in a subsidiary capacity. This insightful book will engage, empower, and encourage you to optimize your skills and gifts, right where you are. Relinquish the idea that to be or feel successful, you must hold the top spot. Have meaningful reflection on your

own experiences Better appreciate your role as an associate minister lay leader Achieve excellence in your service to God and His people Apply the principles therein to find success in your vocation at any level Avoid frustration impatience and apathy in your ministry
