For the past five years, I have been working in the family garden. We have a small greenhouse and where we raise various vegetables to feed our family. This summer my brother is old enough to take over the job in care of the Professional Garden.

My greenhouse experience includes water regulation, fertilization, plant propagation, tools, and some formal plant genetics work that involved a breeding a hybrid with better flavor. Our success breeding a hybrid with better taste about plant genetics - I hope to learn more about plant genetics and to help to obtain the remaining 10%.

teacher would very much like to be in contact with you regarding your experience with your service, and I'd be able to learn a lot about your experience about 4:00 or so.
