Writing In Limbo:

Writing in Limbo Simon Gikandi,2018-03-15 In Simon Gikandi's view Caribbean literature and postcolonial literature more generally negotiate an uneasy relationship with the concepts of modernism and modernity a relationship in which the Caribbean writer unable to escape a history encoded by Europe accepts the challenge of rewriting it Drawing on contemporary deconstructionist theory Gikandi looks at how such Caribbean writers as George Lamming Samuel Selvon Alejo Carpentier C L R James Paule Marshall Merle Hodge Zee Edgell and Michelle Cliff have attempted to confront European modernism

Writing Out of Limbo Nina Sichel,Elaine Neil Orr,Faith Eidse,2011-09-22 Crossing borders and boundaries countries and cultures they are the children of the military diplomatic corps international business education and missions communities They are called Third Culture Kids or Global Nomads and the many benefits of their lifestyle expanded worldview multiplicity of languages tolerance for difference are often mitigated by recurring losses of relationships of stability of permanent roots They are part of an accelerating demographic that is only recently coming into visibility In this groundbreaking collection writers from around the world address issues of language acquisition and identity formation childhood mobility and adaptation memory and grief and the artist's struggle to articulate the experience of growing up global And woven like a thread through the entire collection runs the individual's search for belonging and a place called home This book provides a major leap in understanding what it's like to grow up among worlds It is invaluable reading for the new global age

Coleridge's Metaphors of Being Edward Kessler,2015-03-08 In an original and provocative demonstration that Coleridge's later poetry took on a powerful metaphysical conception Edward Kessler emphasizes Coleridge's struggle with language as a means of both expressing and creating Being While many of Coleridge's late poems are generally viewed as fragments that constitute an aesthetic failure Professor Kessler contends that what at first may appear to reflect Coleridge's inability to finish a poem can otherwise be seen as a deliberate rejection of what the poet came to see as a confining form Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Chimeras of Form Aarthi Vadde,2016-12-13 In the years following World War I the international emerged as a distinct scale of political and cultural focus Internationalisms proliferated in kind as writers and thinkers sought to imagine modes of cooperation that would balance transnational solidarities with national sovereignty While so called political realists across the twentieth century have regarded such attempts as wishful thinking Aarthi Vadde argues that the negotiation of wishing and thinking is at the very heart of internationalism In Chimeras of Form she shows why modernist literary form is essential to understanding the

aspirational and analytical force of internationalism in and beyond Europe Major writers such as Rabindranath Tagore James Joyce Claude McKay George Lamming Michael Ondaatje and Zadie Smith use modernist strategies to reshape how readers think about the cohesion and interrelation of political communities in the wake of empire Vadde lucidly explains how their formal experiments with the novel short story poetry and political essay contribute to and sometimes even anticipate debates in postcolonial theory and cosmopolitanism She reads Joyce's use of asymmetrical narratives as a way to ask questions about international camaraderie and demonstrates how the plotless works of McKay and Lamming upturn ideas of citizenship and diasporic alienation Her analysis of twenty first century writers Smith and Shailja Patel shows how ongoing conflicts around migration displacement and global economic inequality link modernist postcolonial and contemporary traditions of literature Vadde brings these traditions together to reveal the dual nature of internationalism as an ambition possibly a chimeric one and an actual political discourse vital to understanding our present moment

Tragic Coleridge Chris Murray, 2016-02-24 To Samuel Taylor Coleridge tragedy was not solely a literary mode but a philosophy to interpret the history that unfolded around him Tragic Coleridge explores

the tragic vision of existence that Coleridge derived from Classical drama Shakespeare Milton and contemporary German thought Coleridge viewed the hardships of the Romantic period like the catastrophes of Greek tragedy as stages in a process of humanity's overall purification Offering new readings of canonical poems as well as neglected plays and critical works Chris Murray elaborates Coleridge's tragic vision in relation to a range of thinkers from Plato and Aristotle to George Steiner and Raymond Williams He draws comparisons with the works of Blake the Shelleys and Keats to explore the factors that shaped Coleridge's conception of tragedy including the origins of sacrifice developments in Classical scholarship theories of inspiration and the author's quest for civic status With cycles of catastrophe and catharsis everywhere in his works Coleridge depicted the world as a site of tragic purgation and wrote himself into it as an embattled sage qualified to mediate the vicissitudes of his age
