Writing Of Women:

Writing Woman Sheila Delany, 2007-05-01 In *Writing Woman* Sheila Delany examines the artifact woman from a radical perspective Each individual is seen by Delany as an artifact made not born laboriously worked up pieced together written and rewritten Other qualities are added to this artifact through novels poems lyrics ad copy television scripts nursery rhymes and the English language itself These layers of meaning result in the artifact woman as topic Sheila Delany traces her own development as a radical thinker in the opening chapter Confessions of an Ex handkerchief Head or Why This Is Not a Feminist Book She discusses bourgeois women in medieval life and letters womanliness marriage and misogyny in Chaucer sex and politics in Pope s *The Rape of the Lock* the feminist utopias of Charlotte P Gilman and Marge Piercy and in considering woman as writer the scene or place of writing in Christine de Pisan and Virginia Woolf

Writing Women's Literary History Margaret J. M. Ezell, 1996-11-08 Ezell critically examines these successful women s literary histories and applies to them the same self conscious feminism that critics have applied to more traditional methods Drawing both on French feminisms and on recent historicist scholarship Ezell points us to new possibilities for the recovery of early modern women s literary history By championing the recovery of lost women writers and insisting on reevaluating the past women s studies and feminist theory have effected dramatic changes in the ways English literary history is written and taught In *Writing Women s Literary History* Margaret Ezell critically examines these successful women s literary histories and applies to them the same self conscious feminism that critics have applied to more traditional methods According to Ezell by relying not only on past male scholarship but also on inherited notions of tradition some feminist historicists replicate the evolutionary narrative model of history that originally marginalized women who wrote before 1700 Drawing both on French feminisms and on recent historicist scholarship Ezell points us to new possibilities for the recovery of early modern women s literary history

Women Writing Women Patricia Hart, Karen Weathermon, Susan Hodge Armitage, 2006-01-01 By merging scholarly writing with personal life stories *Women Writing Women* creates a new setting for communicating the unique experiences of women The interdisciplinary nature of this volume incorporating authors ideas on identity gender and social realities illuminates a rich diversity of experiences To give voice to the different realities women live in and write from the editors have divided the anthology into four sections writing about the self writing about the family and other intimate relationships writing about the women they study and writing about women from sources such as diaries and letters Within this framework women touch on subjects such as ethnicity sexuality motherhood and feminist versus traditional values The result is a collection of essays that pays tribute to women s complex realities and to their critical creativity in writing about those realities

Writing Women's History Since the Renaissance Mary Spongberg, 2017-03-08 The complaint of Catherine Morland in Jane Austen s *Northanger Abbey* that history has hardly any women at all is not an uncommon one Yet there is evidence to suggest that women have engaged in historical writing since ancient times This study traces the history

of women's historical writing reclaiming the lives of individual women historians recovering women's historical writings from the past and focusing on how gender has shaped the genre of history Mary Spongberg brings together for the first time an extensive survey of the progress of women's historical writing from the Renaissance to the present demonstrating the continuities between women's historical writings in the past and the development of a distinctly woman-centred historiography Writing Women's History since the Renaissance also examines the relationship between women's history and the development of feminist consciousness suggesting that the study of history has alerted women to their unequal status and enabled them to use history to achieve women's rights Whether feminist or anti-feminist women who have had their historical writings published have served as role models for women seeking a voice in the public sphere and have been instrumental in encouraging the growth of a feminist discourse

Mother, She Wrote Yi-Lin Yu, 2005 In this enjoyable and insightful book Yi Lin Yu takes the heated and ongoing feminist debate over motherhood and maternal subjectivity onto a new plane in search of a new synthesis With its specific focus on the three-tiered matrilineal narratives Mother She Wrote is distinguished by its complex and innovative deployment of psychoanalytic subject relations theories and a meticulous and detailed discussion of various literary texts which calls for a powerful reformulation of these narratives One of the main strengths of this book is this simultaneous and tactful command of theory and literary practice Apart from advocating the burgeoning development of women's writing of matrilineal narratives the author also sheds new light on further research in the area of feminist motherhood and mothering Publisher's description
