**Developing Creative Economies in Africa** Brian J. Hracz, Roberta Comunian, Lauren England, 2021-08-05 Bringing together the experience of academics and practitioners this book discusses creative economies in Africa focusing on changing dynamics related to working co working and clustering The contributors in this volume examine how strategies and opportunities such as co working spaces clustering and hubs facilitate the emergence of creative industries in a range of African countries including Kenya Uganda South Sudan Nigeria Tanzania and South Africa They also consider the importance of creative intermediaries in providing opportunities and platforms for the development of creative economies in Africa The chapters present a range of case studies and practices that engage with how creative and cultural producers embrace some of the limits and challenges of their local context to creatively deliver opportunities for economic as well as social and cultural development in their cities and regions This book will be of interest to students scholars and professionals researching the creative economies in Africa across the humanities and social sciences All the royalties from the publication of this book will be donated to the not for profit organisation The Craft and Design Institute CDI <https://www.thecdi.org.za> in South Africa supporting capacity building for young creative practitioners from disadvantaged backgrounds *Digital Economy for Customer Benefit and Business Fairness* Grisna Anggadwita, Erni Martini, 2020-04-08 The international conference Sustainable Collaboration in Business Technology Information and Innovation SCBTII 2019 has brought together academics professionals entrepreneurs researchers learners and other related groups from around the world who have a special interest in theories and practices in the development of the field of digital economy for global competitiveness Considering that at present technology and industry 4.0 are still a leading trend and offer great opportunities for global businesses the rise of industry 4.0 makes competition in the business world more attractive yet fierce Opportunities and challenges for business development in industry 4.0 are becoming firm and it also provides businesses the possibility to compete globally Companies that desire to enter this global competition should pay attention to customer benefits and business fairness in order to achieve sustainability in this digital economy This proceedings volume contains selected papers from this conference and presents opportunities to communicate and exchange new ideas and experiences Moreover the conference provided opportunities both for the presenters and the participants to establish research relations and find global partners for future collaboration **The Struggle for Citizenship Education in Egypt** Jason Dorio, Ehaab Abdou, Nashwa Moheyeldine, 2018-12-21 This book offers nuanced analyses of the narratives spaces and forms of citizenship education prior to and during the aftermath of the January 2011 Egyptian Revolution To explore the dynamics shaping citizenship education during this significant socio political transition this edited volume brings together established and emerging researchers from multiple disciplines perspectives and geographic locations By highlighting the impacts of recent transitions on perceptions of citizenship and citizenship education in Egypt this volume demonstrates that the critical developments in

Egypt's schools, universities, and other non-formal and informal spaces of education have not been isolated from local, national, and global debates around meanings of citizenship.

**Encyclopedia of Organizational Knowledge, Administration, and Technology** Khosrow-Pour D.B.A., Mehdi, 2020-09-29 For any organization to be successful it must operate in such a manner that knowledge and information, human resources, and technology are continually taken into consideration and managed effectively. Business concepts are always present regardless of the field or industry in education, government, healthcare, not-for-profit, engineering, hospitality, tourism, among others. Maintaining organizational awareness and a strategic frame of mind is critical to meeting goals, gaining competitive advantage, and ultimately ensuring sustainability. The Encyclopedia of Organizational Knowledge, Administration, and Technology is an inaugural five-volume publication that offers 193 completely new and previously unpublished articles authored by leading experts on the latest concepts, issues, challenges, innovations, and opportunities covering all aspects of modern organizations. Moreover, it is comprised of content that highlights major breakthroughs, discoveries, and authoritative research results as they pertain to all aspects of organizational growth and development, including methodologies that can help companies thrive and analytical tools that assess an organization's internal health and performance. Insights are offered in key topics such as organizational structure, strategic leadership, information technology, management, and business analytics, among others. The knowledge compiled in this publication is designed for entrepreneurs, managers, executives, investors, economic analysts, computer engineers, software programmers, human resource departments, and other industry professionals seeking to understand the latest tools to emerge from this field and who are looking to incorporate them in their practice. Additionally, academicians, researchers, and students in fields that include but are not limited to business management, science, organizational development, entrepreneurship, sociology, corporate psychology, computer science, and information technology will benefit from the research compiled within this publication.

He is also co-founder of The Revolution Institute, a global nonprofit that promotes social good. Ja-Na Duane is a speaker, strategist, social scientist, artist, creative economist, and author of *How to Start Your Business with 100*.

**Digital Nomads. How the era of digitalization creates alternative lifestyles** Lisa-Marie Wagner, 2020-06-18 Bachelor Thesis from the year 2020 in the subject Business Economics, Business Management, Corporate Governance, grade 1.6, language English, abstract. In this paper, the phenomenon of digital nomadism in permanent

employment is presented In general digital nomads are characterized by their independence of location their employment in the digital space and common values Most of them are freelancers and entrepreneurs but also employees who are part of this movement want to leave the conservative concept of normal employment and break new ground First the changes in the business world and the emergence of digital nomadism were presented in this paper Due to a lack of literature guideline based expert interviews were conducted to gain insight into the opportunities and risks of the multi local lifestyle concept for employees and companies In addition the framework conditions for companies and digital nomads required by this work and life concept were examined and presented in detail Such a framework condition can mean for example the adaptation of processes and leadership There are also differences between completely remote companies and only partially remote companies which can lead to a split company structure In this context the similarities and differences between traditional telework and digital nomadism in permanent employment were also examined These are similar for example regarding the technical prerequisites that should be created in companies and the changed communication In addition there are challenges and opportunities that arise from the travel component and the nature of digital nomadism such as negatively impaired processes due to time differences or certain characteristics and experiences that digital nomads possess or experience that can be used positively in a professional context Thus this work not only serves a scientific purpose but also provides a practical framework for employing digital nomads in traditional companies

[The Lost Art of Connecting: The Gather, Ask, Do Method for Building Meaningful Business Relationships](#) Susan McPherson, 2021-03-23 Named a Best Business Book of 2021 by Soundview Magazine Reclaim the power of genuine human connection Networking is often considered a necessary evil for all working professionals With social media platforms like LinkedIn Twitter Instagram and Facebook at our disposal reaching potential investors or employers is much easier Yet these connections often feel transactional agenda driven and dehumanizing leaving professionals feeling burnt out and stressed out Instead we should connect on a human level and build authentic relationships beyond securing a new job or a new investor for your next big idea To build real and meaningful networking contacts we need to go back to basics remembering that technology is a tool and more than just a means to an end We need to tap into our humanity and learn to be more intentional and authentic As a serial connector and communications expert Susan McPherson has a lifetime of experience building genuine connections in and out of work Her methodology is broken down into three simple steps Gather Instead of waiting for the perfect networking opportunity to come to you think outside the box and create your own opportunity Host your own dinner party join a local meet up group or volunteer at your neighborhood food pantry Ask Instead of leading with our own rehearsed elevator pitches asking for help ask to help opening the door to share resources experience contacts and perspectives that add diversity to your own vision Do Turn new connections into meaningful relationships by taking these newly formed relationships deeper Follow through on the promises you made and keep in touch Woven together with helpful tips and useful advice on making the most out of every

step this book draws on McPherson's own experience as a renowned serial connector as well as the real life success stories of friends and clients Filled with humor humility and wisdom *The Lost Art of Connecting* is the handbook we all need to foster personal and professional relationships that blur the lines between work and play and enrich our lives in every way
