Emotional Healing: A Guide to Releasing, Rewiring, Rising is a compassionate, practical, and deeply grounding guide for anyone who feels stuck in emotional patterns. They can't think their way out of it. Blending emotional intelligence, nervous system regulation, somatic release, and energetic awareness, this book helps you understand why emotions get stored in the body, how they shape beliefs and behaviors, and most importantly, how to release them safely and gently. Even the cover carries intention. The sacred geometry woven into the design reflects the interconnected nature of healing: mind, body, spirit, and nervous system, serving as a visual reminder that healing is not linear but layered, rhythmic, and deeply intelligent. The geometry mirrors the emotional landscape explored within the book, inviting regulation, balance, and wholeness before a single page is turned. **Linen Effect Finished Full Cover** Inside you'll learn why emotions don't disappear just because we ignore them. **Undisturbed** Adam Oakley, 2014-11-21 A book designed to dispel the myths we have about emotions, showing how to treat them in such a way that they no longer become a burden. We are often faithful to emotions, feeling somehow owned by them when in fact emotions depend on us. We need not cling to them or take them so seriously. They are energy movements which would not exist if we were not here to witness them. This book aims to show that we need not label our emotions in any way. We need not regulate or police ourselves. We can relinquish suppressing something because we believe it is wrong to feel a certain way; this is all just conditioning. We can stop

distinguishing between good and bad emotions right or wrong feelings feelings I should have or should not have what is spiritual or not spiritual and instead return to pure experience which is untarnished by story telling resistance or personal attachment From here we become aware of the deeper peace available prior to emotional movement where emotions can not stick which is also the source of all useful action
