By 1989 over 600 000 passengers were travelling via Ryanair. In the initial 4 years of the operation of the company the company made a combined loss of 20 million. The management of the company changed in 1990 when Michael O Leary was appointed as the CEO. O Leary made several changes to Ryanair thus adopting a no frills operational model as well as the reduction of the routes. In the next 6 years the fleet was increased to over 21 leading to an increase in customers due to the low prices. Following the deregulation of EU air transportation regulations that restricted the low pricing policy of the firm the firm took advantage and was able to increase its profitability and market share in low cost airlines.
