Soviet Rubian Dialectical Materialism:

Soviet Russian Dialectical Materialism [Diamat] J.E. Blakeley, 2012-12-06 This book offers a critical outline of the sources of the history of the spirit and of the doctrines of present day Soviet Russian Dialectical Materialism Diamat i e of the philosophical foundations of Marxism Leninism It is scarcely necessary to stress the usefulness of a short outline of this kind as Russian sources are not easily accessible in the West and as it is of considerable interest to know the doctrines which make up the faith of the Communists in all countries The material for this book was first made public in a series of lectures at the University of Fribourg Switzerland first in French in the summer term of 1949 later in English at the Summer School in the same year The French text slightly expanded was translated into German by Miss M Hoerkens Dipl rer pol Various imperfections in the wording of the text and in the bibliography can be explained by the process of formation of this book The author hopes that such imperfections will not prove disturbing

Jews in Soviet Culture Jack Miller, *Jews in Soviet Culture* is the first authoritative book on Jewish contributions to Soviet culture covering the fields of literature painting sculpture music philosophy and Oriental studies Unlike other works on Jews in the Soviet Union that deal mainly with political history especially with discrimination and repression this book focusses on the creative role of Jews in various aspects of Soviet culture and civilization This is a substantial contribution to modern Jewish studies Soviet studies and European cultural history The contributors several of whom have recently emigrated to the West are experts from a variety of cultural fields The volume is a painful but useful reminder that the cultural life of a people and a nation continues sometimes in harmony other times at odds but it continues

[The Positive Hero in Russian Literature](#) Rufus W. Mathewson, 2000 The positive hero was defined by the Soviets as one who set an example for the reader s behavior As early as 1860 the merits of this ideal model were a central issue in the war between literary imagination and ideological criticism that raged in Russia for a hundred years In *The Positive Hero in Russian Literature* Rufus W Mathewson Jr brings a period of Russian literature to life and demonstrates how the battles over the positive hero reappeared with dramatic clarity in the dissident literary movement that developed after Stalin s death Mathewson argues that the true continuity between nineteenth and twentieth century Russian prose was to be found in this persistent conflict between contrary views of the real nature and proper uses of literature This new edition of a widely

acclaimed work first published in 1958 and covering literary developments through 1946 includes chapters on Belinsky Pasternak Solzhenitsyn and Sinyavsky Book Jacket *The Dialectics of Ecology* John Bellamy Foster, 2024-04-01 Explores ecological socialism's potential against capitalist environmental degradation Today the fate of the earth as a home for humanity is in question and yet contends John Bellamy Foster the reunification of humanity and the earth remains possible if we are prepared to make revolutionary changes As with his prior books *The Dialectics of Ecology* is grounded in the contention that we are now faced with a concrete choice between ecological socialism and capitalist exterminism and rooted in insights drawn from the classical historical materialist tradition In this latest work Foster explores the complex theoretical debates that have arisen historically with respect to the dialectics of nature and society He then goes on to examine the current contradictions associated with the confrontation between capitalist extractivism and the financialization of nature on the one hand and the radical challenges to these represented by emergent visions of ecological civilization and planned degrowth on the other The product of contemporary ecosocialist debates *The Dialectics of Ecology* builds on earlier works by Foster including Marx's *Ecology and The Return of Nature* aimed at the development of a dialectical naturalism and the formation of a path to sustainable human development

Value and Prices in Russian Economic Thought François Allisson, 2015-05-15 This book explores Russian synthesis that occurred in Russian economic thought between 1890 and 1920 This includes all the attempts at synthesis between classical political economy and marginalism the labour theory of value and marginal utility and value and prices The various ways in which Russian economists have approached these issues have generally been addressed in a piecemeal fashion in history of economic thought literature This book returns to the primary sources in the Russian language translating many into English for the first time and offers the first comprehensive history of the Russian synthesis The book first examines the origins of the Russian synthesis by determining the condition of reception in Russia of the various theories of value involved the classical theories of value of Ricardo and Marx on one side the marginalist theories of prices of Menger Walras and Jevons on the other It then reconstructs the three generations of the Russian synthesis the first Tugan Baranovsky the second the mathematicians Dmitriev Bortkiewicz Shaposhnikov Slutsky etc and the last Yurovsky with an

emphasis on Tugan Baranovsky's initial impetus. This volume is suitable for those studying economic theory and philosophy as well as those interested in the history of economic thought. **Dialectical Materialism** V. Adoratsky, 1936 **A Soviet History of Philosophy**, 1950 Soviet Russian Dialectical Materialism (Diamat). Wilbur B. Brookover, 1963 **Soviet Psychology; Philosophical, Theoretical, and Experimental Issues** Levy Rahmani, 1973 **Wonder Confronts Certainty** Gary Saul Morson, 2023-05-16

A noted literary scholar traverses the Russian canon exploring how realists, idealists, and revolutionaries debated good and evil, moral responsibility, and freedom. Since the age of Tolstoy, Dostoevsky, and Chekhov, Russian literature has posed questions about good and evil, moral responsibility, and human freedom with a clarity and intensity found nowhere else. In this wide-ranging meditation, Gary Saul Morson delineates intellectual debates that have coursed through two centuries of Russian writing as the greatest thinkers of the empire and then the Soviet Union enchanted readers with their idealism, philosophical insight, and revolutionary fervor. Morson describes the Russian literary tradition as an argument between a radical intelligentsia that uncompromisingly followed ideology down the paths of revolution and violence and writers who probed ever more deeply into the human condition. The debate concerned what Russians called the accursed questions: If there is no God, are good and evil merely human constructs? Should we look for life's essence in ordinary or extreme conditions? Are individual minds best understood in terms of an overarching theory or as Tolstoy thought by tracing the tiny alternations of consciousness? Exploring apologetics for bloodshed, Morson adapts Mikhail Bakhtin's concept of the non alibi, the idea that one cannot escape or displace responsibility for one's actions. And throughout, Morson isolates a characteristic theme of Russian culture: how the aspiration to relieve profound suffering can lead to either heartfelt empathy or bloodthirsty tyranny. What emerges is a contest between unyielding dogmatism and open-minded dialogue between heady certainty and a humble sense of wonder at the world's elusive complexity, a thought-provoking journey into inescapable questions.

The Current Digest of the Soviet Press, 1951 The Cornwallis Group XII Cornwallis Group Meeting, Pearson Peacekeeping Centre, 2008 *Solzhenitsyn* Michael Scammell, 2021-06-15

This book, first published in 1984, was the first full biography of Solzhenitsyn. Starting with his childhood, it covers every period of his life in considerable detail, showing how Solzhenitsyn's development paralleled and mirrored the development of Soviet society: ambitious and idealistic in the twenties and thirties, preoccupied with the struggle for survival in the forties, hopeful in the fifties and sixties, and disillusioned in the seventies. Solzhenitsyn's life thus serves as a paradigm for the history of twentieth-century Communism and for the intelligentsia's attitudes to Communism. At the same time, this book relates Solzhenitsyn's life to his works, all of which contain a large element of autobiography.
