Soviet-American Debate Bruno Leone, 1985-06-01 **Opposing Viewpoints Sources** ,1985 **Human Rights**
Theodore Martin Hesburgh, Edwin Newman, NBC News, Radio TV Reports Inc, 1977 *Debating the Origins of the Cold War*
Ralph B. Levering, 2002-03-26 *Debating the Origins of the Cold War* examines the coming of the Cold War through Americans and Russians contrasting perspectives and actions In two engaging essays the authors demonstrate that a huge gap existed between the democratic capitalist and global vision of the post World War II peace that most Americans believed in and the dictatorial xenophobic and regional approach that characterized Soviet policies The authors argue that repeated failures to find mutually acceptable solutions to concrete problems led to the rapid development of the Cold War and they conclude that given the respective concerns and perspectives of the time both superpowers were largely justified in their courses of action Supplemented by primary sources including documents detailing Soviet espionage in the United States during the 1930s and 1940s and correspondence between Premier Josef Stalin and Foreign Minister V M Molotov during postwar meetings this is the first book to give equal attention to the U S and Soviet policies and perspectives **Cold War and Labor** Joerg Wehrenpfennig, 1996 **Soviet-American Debate** ,1987 **Soviet-American Debate Annual, 1989** David L. Bender, Bruno Leone, 1989-01-01 **Soviet American Debate 1988 Annual Opposing Viewpoint** David L. Bender, Bruno Leone, 1988-06-01 **The Struggle for the Third World** Jerry Hough, 2010-12-01 In the last quarter century the Soviet Union and the United States have repeatedly come into conflict in various parts of the third world During this period the most backward third world countries have sometimes proved susceptible to radical revolution but the countries well on the way to industrialization have moved away from left wing economic and political policies In the longer perspective the West has been winning the struggle for the third world The changes in those countries have been the subject of intense published debate in the Soviet Union debate on Marxist concepts of the stages of history on theories of economic development and revolutionary strategy and on foreign policy Jerry F Hough explores the breakup of the orthodox Stalinist position on these issues and the evolution of free swinging discussion about them He suggests that paradoxically many of the old Stalinist ideas retain their strongest hold in the United States which has not fully recognized its victory in the third world and the importance of the West s great economic power The United States too often assumes that radical regimes will inevitably follow the Soviet path of development and that the nature of a regime determines the nature of its foreign policy Because of these misperceptions Hough argues the United States misses many opportunities in the third world It emphasizes military power even to the extent of undermining its crucial economic power and it fails to offer the face saving gestures that would permit Soviet retreats Hough presents a prescription for an American policy better suited to the new realities in the third world and to the changing Soviet attitude toward them **Soviet-American Debate Annual, 1990** David L. Bender, Bruno Leone, 1988 Annual supplement providing updated materials on Soviet American issues *Soviet-American Debate Annual,*

1986 Bruno Leone,1985-09 Annual supplement providing updated materials on Soviet American issues **The Debate Over Soviet-American Detente** Mui-seng Tay,1977 **Soviet-American Debate Annual, 1987** David L. Semenov,2022-08-30 This book explores the history of the nuclear nonproliferation dialogue between Russia USSR and the United States By looking into the particulars of bilateral cooperation on NPT Cooperative Threat Reduction program arms control and other issues the authors offer lessons to be learned in preventing nuclear confrontations in the future The book has been prepared in coordination between Russian and American scholars and experts and is a result of a series of Track 2 5 events devoted to restoring the nonproliferation cooperation between Russia and the United States Covering all the aspects of the bilateral partnership since 1960 until today this book will interest scholars of great power conflicts and nonproliferation The workshop and the consequent work on the monograph became possible thanks to generous organizational financial support from Centre russe d etudes politiques Geneva and the Center for Policy Studies in Russia Monterey USA **Organizations Involved in Soviet-American Relations** ,1990
