

SOWA'S ARK

An Enchanted Bestiary

*Illustrations by Michael Sowa
Foreword by Nick Bantock*

Sowas Ark

Victor M. Corman

Sowa's Ark:

Sowa's Ark Image Connection America, Incorporated, Michael Sowa, 2006 Imaginative animal art by Michael Sowa

Sowa's Ark Michael Sowa, 1996-08-01 Chronicle is proud to publish the exciting paintings of widely acclaimed German artist Michael Sowa. A miniature pig splashing in a bowl of soup, a duck leading a wheelbarrow down a country lane, a woman gently stroking her daughter's face with a rabbit, take a trip into Sowa's brilliant and darkly comic imagination where a menagerie of creatures adopt strange personae and pop up in the most unexpected places. In the same realm as Chris Van Allsburg and Maurice Sendak, Sowa's paintings take on the otherworldly look of a whacked-out fairy tale, each work full of irony and wry Brothers Grimm for grown-ups. These witty and satirical images, a cross between Magritte and *The Far Side*, are sure to attract a well-deserved and passionate following in the States. *The Many Faces of Imitation in Language Learning* Gisela E. Speidel, Keith E. Nelson, 2012-12-06 In this book we take a fresh look at imitation. With the knowledge of some 20 years of research after Chomsky's initial critique of the behavioristic approach to language learning, it is time to explore imitation once again. How imitation is viewed in this book has changed greatly since the 1950s and can only be understood by reading the various contributions. This reading reveals many faces, many forms, many causes, and many functions of imitation: cognitive, social, information processing, learning, and biological. Some views are far removed from the notion that an imitation must occur immediately or that it must be a perfect copy of an adult sentence. But the essence of the concept of imitation is retained. Some of the child's language behavior originates as an imitation of a prior model. The range of phenomena covered is broad and stimulating. Imitation's role is discussed from infancy on through all stages of language learning. Individual differences among children are examined in how much they use imitation and in what forms and to what purposes they use it. The forms and functions of parent imitation of their child are considered. Second language learning is studied alongside first language learning. The juxtaposition of so many views and facets of imitation in this book will help us to study the commonalities as well as differences of various forms and functions of imitative language and will help us to discern the further dimensions along which we must begin to differentiate imitation. The Comprehensive Bible, 1861
