**The Sowing and the Dawning** Shirley Boteler Mock,1998 This collection combines archaeology and ethnography to explore the Mesoamerican archaeological record Contributors focus on the little understood material phenomena of ritual deposits dedicatory or votive offerings caches and termination events Drawing on contemporary Maya ethnography the authors argue that a few deep structural principles unify the Mesoamerican world view both present and past and apply these concepts to the deposition of dedicatory and termination offerings in the archaeological record [The War for the Heart and Soul of a Highland Maya Town](#) Robert S. Carlsen,2011-05-16 This compelling ethnography explores the issue of cultural continuity and change as it has unfolded in the representative Guatemala Mayan town Santiago Atitlán Drawing on multiple sources Robert S Carlsen argues that local Mayan culture survived the Spanish Conquest remarkably intact and continued to play a defining role for much of the following five centuries He also shows how the twentieth century consolidation of the Guatemalan state steadily eroded the capacity of the local Mayas to adapt to change and ultimately caused some factions to reject even demonize their own history and culture At the same time he explains how after a decade of military occupation known as la violencia Santiago Atitlán stood up in unity to the Guatemalan Army in 1990 and forced it to leave town This new edition looks at how Santiago Atitlán has fared since the expulsion of the army Carlsen explains that initially there was hope that the renewed unity that had served the town so well would continue He argues that such hopes have been undermined by multiple sources often with bizarre outcomes Among the factors he examines are the impact of transnational crime particularly gangs with ties to Los Angeles the rise of vigilantism and its relation to renewed religious factionalism the related brutal murders of followers of the traditional Mayan religion and the apocalyptic fervor underlying these events **Popol Vuh** ,1996 One of the most extraordinary works of the human imagination and the most important text in the native languages of the Americas Popol Vuh The Mayan Book of the Dawn of Life was first made accessible to the public 10 years ago This new edition retains the quality of the original translation has been enriched and includes 20 new illustrations maps drawings and photos *The Dawn of the Day* ,1893 **The English sacred Songster. A collection of new and original hymns with music, etc. [Mainly compiled by J. T. Harmston and J. T. Proctor.]** ,1873 **The Human Soul (Lost) in Transition At the Dawn of a New Era** Erel Shalit,2018-12-01 Well known Jungian analyst author and lecturer Erel Shalit passed away in early 2018 This is his book The Human Soul Lost in Transition At the Dawn of a New Era published posthumously The aim of this book wrote Shalit is to present a depth psychological perspective on phenomena pertaining to the present postmodern era As such its origins are in the depths symbolically in the depth of the waters in which the sacred is reflected Likewise this book centers around the image which has travelled from the forbidden zone of the transcendent command make no graven image through the interiority of the human soul to become an exteriorized computerized robot generated image that virtualizes as well as augments reality This book explores the changing character

of the relationship between us humans and the image and the dramatic impact this has in post modern culture

Lohse, 2007-01-30 This volume explores the ritual life of Mesoamerica s common citizens inside and outside of the domestic sphere from Formative through Postclassic periods

Building from the premise that ritual and ideological expression inhered at all levels of society in Mesoamerica the contributors demonstrate that ideology did not emanate solely from exalted individuals and that commoner ritual expression was not limited to household contexts Taking an empirical approach to this under studied and under theorized area contributors use material evidence to discover how commoner status conditioned the expression of ideas and values

**Bulletin** United States. Department of Agriculture,1928      Day Dawn John H. Paton,1890      **The Splendor of the Maya** Nancy Swift Furlotti,2025-12-15 Explore the collective unconscious from a different angle and perspective than we have seen in the European Slavic Celtic Asian African and Middle Eastern cultures says series editor Michael Escamilla in the foreword to Nancy Swift Furlotti s *The Splendor of the Maya A Journey into the Shadows at the Dawn of Creation* This examination and amplification of K'iche' Maya creation mythology from Mesoamerica fills a gap in Jungian literature by illustrating the contributions to the collective psyche of an important indigenous American culture with which readers may not be familiar Furlotti s work offers an interesting juxtaposition with the prevailing Western scientific rationalistic views that have typified psychological inquiry for the past two and a half centuries Contrasting with the mostly linear orientation of Western scientific and literary traditions Maya mythology and culture are typified by a cyclical view of time creation and experience coupled with an understanding of humanity as in community with rather than hierarchically superior to the natural world Turning to Popol Vuh or Dawn of Life the Maya creation myth that details the repeated creation and destruction of the world Jungian analyst and scholar Furlotti seeks to extract the psychological meaning of the myth that may be pertinent to both the collective understanding of myth as well as the individuals process of what Jung described as individuation Noting how a culture s myths move hand in hand with its development Furlotti forges connections with ancient wisdom to reconnect with the foundational metaphors that guide all human experience *The Splendor of the Maya* brings fresh perspectives to the collective often unconscious associations that link the human psyche across time and culture
