Lunar Attack John Rankine, 1975 Exploring Space: 1999 John Kenneth Muir, 2015-09-15 Starring internationally renowned actors Martin Landau Barbara Bain Barry Morse and Catherine Schell the British made Space 1999 was the only truly original space adventure of the mid 1970s Sandwiched between the demise of the original Star Trek and the opening of the Stars Wars series on the big screen Space 1999 featured a richly visualized world where space was terrifying and mysterious where not all problems were solvable by technology and the space travelers were very human From the science fiction show s conception in 1973 to its cancellation in 1977 this reference work covers each of the 48 episodes in depth including a full plot synopsis writer director guest star credits and critical commentary that examines both the episode and other shows that have used similar plotlines The popularity of Space 1999 memorabilia and its many fan clubs are fully discussed along with the possibility of a future movie or reunion show that would tie up the loose ends caused by the show s abrupt cancellation Space 1999 and Critical Theory John K. Balor, 2017-11-11 The television series SPACE 1999 was in its first series shaped by the late sixties and early seventies counterculture movements making SPACE 1999 into an example of how certain SF scholars see a natural alignment between science fiction and critical theory However due to changes in the political climate SPACE 1999 went through an ideological reversal in its second series As a result the schizophrenic nature of the series has ever since caused debate This book is written on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com *Science Fiction and Fantasy Literature, 1975-1991* R. Cosmos 1999 - The Third Year of Space 1999 John K. Balor, 2019-07-10 What does Gerry Anderson s television series SPACE 1999 have in common with Carl Sagan s award winning television documentary COSMOS Not very much one might expect but this book documents an Online Alpha discussion where fans of the science fiction series discuss and debate differences and similarities from a wide range of perspectives some of them arguing that two series may be so closely connected that it might be natural to think of COSMOS as the third year of SPACE 1999 This book is written on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com
