Spanish Cinema Peter William Evans, 1999 The liveliness and importance of Spanish cinema is increasingly being recognised outside Spain in film festivals television exposure and courses in Institutions of Higher Education To a large extent this is auteur or art movie cinema Spanish Cinema concentrates upon that tradition focusing upon the key films in a period stretching from 1952 to the present day The term auteur has lately fallen into disrepute The idea most actively promoted by Cahiers du Cinema in the late 1950s and early 1960s that the director is to a film what an author is to a poem play or novel has been subjected to much criticism since structuralist and post structuralist attacks on the author But even in pre death of the author days film raised its own specific problems about authorship Nevertheless since the initial excitement of French critical theory's provocative assault on conventional notions of authorship and taking into account specific problems related to the collaborative nature of film making attempts have recently been made to reclaim some of the ground lost by the auteur in these critical and theoretical battles This volume offers lively readings of films by key directors working to a large extent in the art movie auteurist field and aims to strike a balance between representative films directors and periods Each chapter concentrates on a single film

of Carlos Saura Francisco Rovira Beleta and Luis García Berlanga have a rather lower profile despite their winning numerous accolades across the world at the time And then there were other filmmakers who plied their trade at a less elevated level the likes of Eugenio Martín Jos María Elorrieta and Jos Luis Madrid Spanish Cult Cinema Volume 1 is an examination of the whole range of Spanish cinema from 1960 to 1964 Within it you can read about releases from popular genres including cine negro films low budget black and white thrillers swashbucklers war films comedies and westerns You can discover more about productions ranging from the Oscar nominated Los tarantos to the poverty row oater La tumba del pistolero from Marco Ferreri's blacker than black comedy El cochecito to the little known science fiction film La hora incógnita Featuring over a hundred detailed and lavishly illustrated reviews Spanish Cult Cinema Volume 1 is an invaluable introduction to a criminally underexamined area of cinema history making it an essential purchase for anyone with an interest in either Spanish or popular cinema
