*Transforming the Doctor's Office* Ann Sloan Devlin, 2014-04-24 From the parking lot to the exam room doctors can improve the physical surroundings for their patients yet often they do not. Given the numerous and varied duties doctors must perform it may fall to the design profession to implement changes many based on research to improve healthcare experiences. From location and layout to furnishings and positive distractions this book provides evidence based information about the physical environment to help doctors and those who design medical workspaces improve the experience of health care. Along with its research base a special aspect of this book is the integration of relevant historical material about the office practice of physicians at the beginning of the twentieth century. Many of their design solutions are viable today. In addition to improving the physical design of healthcare facilities author Ann Sloan Devlin is the granddaughter daughter and niece of physicians as well as the granddaughter and daughter of nurses. She worked in a hospital during college and has visited a good many practitioners offices in medical office buildings and ambulatory care settings. This book addresses an overlooked location of care the doctor s office suite.

These two short novels raise the curtain on an entrancing new world for all who love Jane Austen George Eliot and Trollope s *Barsetshire Chronicles*. The setting is Carlingford a small town not far from London in the 1800s. The Rector opens as Carlingford awaits the arrival of their new rector. Will he be high church or low? And for there are numerous unmarried ladies in Carlingford will he be a bachelor? *The Doctor s Family* introduces us to the newly built quarter of Carlingford where young Dr Rider seeks his living. Already burdened by his improvident brother s return from Australia he is appalled when his brother s family and sister in law Nettie follow him to Carlingford. Margaret Oliphant was born in Wallyford Scotland in 1828. When she was ten years old her family moved to Liverpool where she began to experiment with writing. She had her first novel *Passages in the Life of Mrs Margaret Maitlan* 1849 published when she was just 21.
