The Dispohebed:

The Dispossessed Ursula K. Le Guin, 2001 A brilliant physicist attempts to salvage his planet of anarchy

The Dispossessed Ursula K. Le Guin, 2015-09-30 One of the very best must read novels of all time with a new introduction by Roddy Doyle A well told tale signifying a good deal one to be read again and again THE TIMES The book I wish I had written It s so far away from my own imagination I d love to sit at my desk one day and discover that I could think and write like Ursula Le Guin Roddy Doyle Le Guin is a writer of phenomenal power OBSERVER There was a wall It did not look important even a child could climb it But the idea was real Like all walls it was ambiguous two faced What was inside it and what was outside it depended upon which side of it you were on Shevek is brilliant scientist who is attempting to find a new theory of time but there are those who are jealous of his work and will do anything to block him So he leaves his homeland hoping to find a place of more liberty and tolerance Initially feted Shevek soon finds himself being used as a pawn in a deadly political game With powerful themes of freedom society and the natural world s influence on competition and co operation THE DISPOSSESSED is a true classic of the 20th century

The New Utopian Politics of Ursula K. Le Guin's *The Dispossessed* Laurence Davis, Peter Stillman, 2005-11-22 The *Dispossessed* has been described by political thinker Andre Gorz as The most striking description I know of the seductions and snares of self managed communist or in other words anarchist society To date however the radical social cultural and political ramifications of Le Guin s multiple award winning novel remain woefully under explored Editors Laurence Davis and Peter Stillman right this state of affairs in the first ever collection of original essays devoted to Le Guin s novel Among the topics covered in this wide ranging international and interdisciplinary collection are the anarchist ecological post consumerist temporal revolutionary and open ended utopian politics of *The Dispossessed* The book concludes with an essay by Le Guin written specially for this volume in which she reassesses the novel in light of the development of her own thinking over the past 30 years

Narrativizing Theories Benjamin John Peters, 2020-02-06 Ours is an age of offense a time of reactionary shock always received never given Ours is an age that has forgone cultural narratives a time of individualism wherein personal identities trump the collective spirit Ours is an age of failing earth a time of ecological collapse yet the consumption of global capitalism continues to run amok But don t fear You have the correct worldview the best solutions It s not your fault these things are happening It s the president s the immigrant s and the Islamicist s Or perhaps It s the socialist s the tree hugger s and the baby killer s But it s not your fault Never yours For the world exists as you see it in an echo chamber lined with golden pixels Do I still have your attention Then join me Within the covers of *Narrativizing Theories* I dive into ambiguity and aesthetics to depict how clashing worldviews exist side by side yet remain mutually incompatible I examine how cultures distinguish between acceptable and unacceptable beliefs embodiments and identities And I outline an aesthetic theory of ambiguity that highlights through the
