The Divided Self

R. D. Laing

The Divided Self

Ronald David Laing

The Divided Self:

The Divided Self Ronald David Laing, 1999 First published in 1998 Routledge is an imprint of Taylor Francis an information company *The Divided Self* R. D. Laing, 2010-01-28 The Divided Self R D Laing's groundbreaking exploration of the nature of madness illuminated the nature of mental illness and made the mysteries of the mind comprehensible to a wide audience First published in 1960 this watershed work aimed to make madness comprehensible and in doing so revolutionized the way we perceive mental illness Using case studies of patients he had worked with psychiatrist R D Laing argued that psychosis is not a medical condition but an outcome of the divided self or the tension between the two personas within us one our authentic private identity and the other the false sane self that we present to the world Laing's radical approach to insanity offered a rich existential analysis of personal alienation and made him a cult figure in the 1960s yet his work was most significant for its humane attitude which put the patient back at the centre of treatment Includes an introduction by Professor Anthony S David One of the twentieth century's most influential psychotherapists Guardian Laing challenged the psychiatric orthodoxy of his time an icon of the 1960s counter culture The Times [The Divided Self](#) Ronald D. Laing, 1969 Om skizofreni opst en som resultat af familiemæssig og samfundsmæssig kulde **The divided self : an existential study in sanity and madness** R. D. Laing, 1965 *"The" Divided Self* Ronald David Laing, 1979 **The Divided Self** Ronald David Laing, 2010 **The Divided Self** Ronald David Laing, 1960 [Divided Self: a Existential Study in Sanity and](#) , 1988 *The Divided Self* Karl Mannheim, 1960 *The divided self ; and existential study in sanity and madness* Ronald David Laing, 1969 **The Divided Self** Ronald David Laing, 1969 **Portrait of the Psychiatrist as a Young Man** Allan Beveridge, 2011-08-25 RD Laing remains one of the most famous psychiatrists of the last 50 years In the 1960s he enjoyed enormous popularity and received much publicity for his controversial views challenging the psychiatric orthodoxy He championed the rights of the patient and challenged the often inhumane methods of treating the mentally ill Based on a wealth of previously unexamined archives relating to his private papers and clinical notes Portrait of the Psychiatrist as a Young Man sheds new light on RD Laing and in particular his early formative years a crucial but largely overlooked period in his life The first half of the book considers Laing's intellectual journey through the world of ideas and his development as a psychiatric theorist An analysis of his notebooks and personal library reveals Laing's engagement not only with psychiatric theory but also with a wide range of other disciplines such as philosophy literature and religion This part of the book considers how this shaped Laing's writing about madness and his evolution as a clinician The second half draws on a rich and completely unexplored collection of Laing's clinical notes which detail his encounters with patients in his early years as a psychiatrist firstly in the British Army subsequently in the psychiatric hospitals of Glasgow and finally in the Tavistock Clinic in London These notes reveal what Laing was actually doing in clinical practice and how theory interacted with therapy The majority of patients who were to appear in Laing's first two books *The Divided Self* and *The Self and Others* have been

identified from these records and this volume provides a fascinating account of how the published case histories compare to the original notes There is a considerable mythology surrounding Laing partly created by himself and partly by subsequent commentators By a careful examination of primary sources Allan Beveridge both a psychiatrist and an historian examines the many mythological narratives about Laing and provide a critical but not unsympathetic account of this colourful and contradictory thinker who addressed questions about the nature of madness which are still being asked today This book will be of interest to mental health workers and social historians alike as well as anybody interested in the philosophy of psychiatry

On Understanding Emotion Norman K. Denzin, Emotions fleeting insubstantial changeable and ambiguous seem to defy study and analysis Nothing is more complex mysterious and subject to conflicting theories and interpretations than human emotion Yet the central importance of emotion in human affairs is undeniable Emotions affect all levels of life personal organizational political cultural economic and religious Emotions give meaning to life Emotional disturbances can destroy that meaning How should emotions be studied How can an understanding of the inner feelings of individuals illuminate important social interactions and human developments In his book Norman Denzin presents a systematic in depth analysis of emotion that combines new theoretical advances with practical applications Based on an intensive critical examination of classical and modern theoretical research and on revealing personal interviews in which ordinary people express their emotional lives he builds a new framework for understanding ordinary emotions and emotional disturbances Denzin analyzes how people experience joy and pain love and hate anger and despair friendship and alienation and examines the personal psychological social and cultural aspects of human emotion to provide new perspectives for understanding human experience and social interactions He offers new insights on the role of emotions in family violence and recommends ways of helping people escape from recurring patterns of violence And in criticizing current conceptions of emotionally disturbed people he reveals the nature of their inner lives and the ways they perceive and relate to others In sum this book presents new insights on human relationships and human experience It is now available in paperback for the first time with a new introduction by the author Norman K Denzin is professor of sociology cinema studies and interpretive theory at the University of Illinois Urbana Champaign He was awarded the George Herbert Mead Award for Lifetime Achievement from the Society for the Study of Symbolic Interaction He is the author of several books including *The Alcoholic Society Children and Their Caretakers* *Hollywood Shot by Shot* *Sociological Methods* and *The Values of Social Science* all available from Transaction

We, the Divided Self John G. Watkins, Rhonda J. Johnson, 1982-06-01 R.D. LAING COURTENAY. YOUNG, 2012 *The Divided Self* R.D. Laing, 1969 **The Open Court**, 1922 The Homiletic Review, 1906 **The Open Court** Paul Carus, 1922 vols 46 47 have special title New Orient Society monograph **The Varieties of Religious Experience** William James, 1911

Uncover the mysteries within Crafted by is enigmatic creation, **The Divided Self** . This downloadable ebook, shrouded in suspense, is available in a PDF format (PDF Size: *). Dive into a world of uncertainty and anticipation. Download now to unravel the secrets hidden within the pages.
