The Dragon Quartet

Marjorie B. Kellogg

The Dragon Quartet:

The Dragon Quartet M. Bradley Kellogg, 2005 With the publication of *The Book of Earth* Kellogg launched a unique fantasy series that introduced four elemental dragons who were supposed to sleep after creating the World until World's End. However, one by one they awakened. This volume contains the first two books of Kellogg's quartet: Original **The Dragon Quartet** M. Bradley Kellogg, 2006. Dragons Earth and Water and their human companions go up against Fire who has chosen to become a god instead of a guardian and search for Air who has disappeared as the World teeters on the edge of extinction.

The Book of Air Marjorie B. Kellogg, 2003-11-04 The thrilling conclusion to the adventures of the four elemental dragons and their human guides, the fourth and final book of the history-spanning Dragon Quartet fantasy series. In the fourth novel of this popular tetralogy, Marjorie B. Kellogg brings together the four elemental dragons and their human companions in a desperate quest to free Air from her as yet undiscovered prison and stop Fire before his devastating reign destroys the world.

Book of Fire M. Bradley Kellogg, **The Dragon Quartet, Volume II** M. Bradley Kellogg, 2006. In *The Book of Fire* and *The Book of Air*, the final two novels of the Dragon Quartet series, dragons Earth and Water and their human companions go up against Fire who has chosen to become a god instead of a guardian and search for Air who has disappeared as the World teeters on the edge of extinction.

The Book of Earth Marjorie B. Kellogg, 1995-02-01 Follow the adventures of the four elemental dragons and their human guides in the first book of the history-spanning Dragon Quartet fantasy series. In the beginning of the World, four dragons were raised from elemental energies and set to work creating a climate and atmosphere. They were called Earth, Water, Fire, and Air. When their job was done and the World was set in motion, the four found lairs where they expected to sleep out this particular world's history and not rise again until World's End. But long before World's End, something has begun to go horribly wrong, and Erde, only daughter of a powerful lord, is the one person who seems able to sense it. With her mother and grandmother dead and no one left to protect her from the madness being spread by a priest ready to sacrifice anything and anyone to his cause, Erde flees her father's castle. In her flight, she stumbles across the dragon called Earth. Drawn together by their mutual peril and need, Erde and Earth have no choice but to join forces on a quest to find Earth's mage, the one human who perhaps can set the World back on its proper course.

Book of Fire Marjorie B. Kellogg, 2000-07-01 Follow the adventures of the four elemental dragons and their human guides in the third book of the history-spanning Dragon Quartet fantasy series. A desperate call had united the dragons Earth and Water with their dragon guides, the girl named Erde who had discovered Earth in the war-ravaged principalities of 913 AD Germany and the boy N Doch who found Water on the African coast in the year 2013. Together they braved the dangers of both their times only to find themselves drawn to a future beyond even N Doch's own to a devastated America where the dragon Fire reigned in all his terrifying magnificence with his dragon guide Paia transformed into his high priestess, her true destiny concealed from her. Yet it was not Fire who had summoned his brother and sister dragons. The Call had come from another, and the reason for

the summons was all too clear Fire had chosen to become a god instead of a guardian And the dragon Air was nowhere to be found Could Earth and Water with Erde and N Doch force Fire and Paia back on the path they were fated to follow Could they find and rescue Air Or would Fire s rebellion doom both the dragons and the world they guarded **The Book of Water** Marjorie B. Kellogg,1997-09-01 Follow the adventures of the four elemental dragons and their human guides in the second book of the history spanning Dragon Quartet fantasy series It was Water s call that summoned the dragon Earth and his human guide the girl called Erde on a flight through time transporting them from the war torn German principalities in the year 913 to the African coast in 2013 And though the land from which they came was beset by the perils of war and religious fanaticism this future offered them no safe haven For the passing centuries had seen the world plunged into a downward spiral of environmental devastation from which there would soon be no possibility of recovery Earth s sister the shape shifting dragon Water waited to greet them in this strange new land offering the travelers the momentary belief that they had found the answer to their quest But Water and her guide the streetwise boy known as N Doch had as many questions and fears as Earth and Erde Pursued by enemies in both eras they soon realized their mission was only beginning and their only hope lay in finding the remaining dragons Fire and Air before it was too late *First Contact* Bonnie Kunzel,Suzanne Manczuk,2001 This beginning reader s advisory book helps librarians guide young readers to science fiction and fantasy titles Entries describe titles and list sequels and related books by the same author Entries are in topical sections such as alien contact dragons biotechnology and postapocalypse Classics as well as current titles popular with both younger and older teens are included in each category Kunzel is a teen specialist at Princeton Public Library and is vice president of the Young Adult Library Services Association of the American Library Association Manczuk teaches in the School of Communication Information and Library Studies at Rutgers University c Book News Inc *Report* Williams College.
