The Dream Assassin Volume (1) Roman Harambura, 2019-02-20 Humanity's Greatest Gift Imagination Roman expresses that we as humans have the ability to think by thought power as humans on this most precious Earth we each have the power within us to create through manifestation anything we choose simply by the power of our own thoughts Roman believes we are all thinking beings that every thought we each have has the possibilities of becoming our own reality be it negative thoughts or positive thoughts which in turn creates our personal existence either in a negative way or a positive way he says we are not in reality physical it only appears to be that way because we are so highly conditioned by our own beliefs systems we are in fact Living Energy in the making of becoming Living Consciousness The main reason he wrote and created his new book *The Dream Assassin* was to show all of humanity that Imagination is real and at the same time create magnificent imaginative magic that would not only bring awareness but ignite the true inner passion of every individual that reads this book but also to see the movie when it is created in the future to come As Albert Einstein the great Theoretical Physicist said on many occasions Reality is merely an Illusion all be it a very persistent one It's like saying just because you cannot touch something doesn't mean it is not real because it may be vibrating simply at another level of consciousness *The Dream Chasers* Roger Hamner, 2020-05-15 Book Delisted **The Dream Coast** John Stepling, 1987 THE STORY The play begins in the grubby Los Angeles apartment of Wilson an aging landlord who was once involved in the motion picture industry but is now considering torching his decrepit building for the insurance money Wilson a closet homosex *The Dream of the West, Pt II* Brian Lasater, 2008-01-10 This volume looks at the ancient heritage of Greek philosophy and Mesopotamian astronomy and examines the history of map making coastal and celestial navigation and astronomy from 1487-1727 **Inventing the Dream** Kevin Starr, 1985 Examines the elements whose confluence defined Southern California including Spanish Mexican influences climate and the rise of Hollywood **The Dream of the North** Peter Fjagesund, 2014-05-10 Northern Europe and North America have dominated the world stage for more than two centuries Using a wide range of sources this book provides the first coherent account from a multi-national perspective of the ideas and perceptions that from the Renaissance onwards fuelled the North's rise to prominence and enabled it to rival the traditional cultural and political hegemony of the South This includes not only the fascinating conquest of the polar regions but also the religious upheaval of the Reformation the changing view of nature engendered by Romanticism and not least the revival of ancient Nordic and Celtic culture Finally the book offers an indispensable historical background to current events in the Far North where the past and the future meet in a complex web of dramatic environmental concerns the exploitation of natural resources and the strategies of politics and commerce **Living the Dream** Vern and Connie Madison, 2005-08-10 About our Book Living the Dream is the true life adventure story of our seven year cruise from Newport Oregon to Phuket Thailand in the 35 foot steel hulled sailboat Tainui This book gives a true picture of what it's really like for a retired couple to live their dream of full time cruising to far away

places the highs of beautiful sailing days snorkeling off pristine coral anchoring in tropical lagoons exotic cultural experiences and the fellowship of the cruising community but also fear in storms the exhaustion of sleepless night watches discouragement of endless boat maintenance and a rusting through of Tainui s hull Although we wrote *Living the Dream* for a general audience serious sailors will find a wealth of helpful cruising information and steel boat owners will profit from our significant learning experiences in our maintenance of Tainui s steel hull About us We began our lives far apart Connie in parts of Californis that were far from the sea and with no aspirations to cross oceans and Vern in the busy seaport city of Seattle dreaming of sailing away some day We eventually met at the University of Washington married started or family and careers Vern as a social worker and Connie as a teacher It was our four years of living with our family in Malaysia while Vern was on the staff of the Peace Corps there that sparked our desire to one day be full time world travelers Order a personalized autographed copy of our book directly rom us by e miling us at vkmadison comcast net We will send you an order form 16 50 plus actual shipping cost Or order your copy from Author House be clicking the buy now button
