[Dream Messages](#) Donna Pearce, Jackie Allen, 2000. Dreams, those ethereal, fuzzy things that happen when you sleep. Those hazy flashes of scenes and feelings of moments and adventures of stories and images, some good, some bad. Some wonderful and some astonishing. For as long as anyone can remember, mankind has been curious about dreams. Just what are dreams anyway? Did you know that your dreams are real? They are NOT a fabric of your imagination or a summary of the day's events. They are real experiences that we, as souls, undergo each night when we go to sleep. While your physical body lies in bed resting, your soul body travels far and wide, having its own experiences. You do know that you're more than just a physical body, don't you? You are actually a soul who wears a physical body, but at night when you sleep, you leave that physical body and experience life from a totally different perspective. In this book, the authors are going to take you on an incredible journey deep into the real world of dreams. They are going to show you how dreams can help you in your personal relationships, in love, and in your career. They will illustrate through real-life stories how dreams have often been the inspiration for a major, crucial turning point in someone's life. This book will offer new answers to old questions and give you a surprising understanding of what dreams are and how they are an important part of your life. This book will actually help you in your normal routine, everyday life while answering questions regarding your dreams. The reader will find answers to important questions like: How and why are dreams real experiences and not just my imagination? Can dreams help me in my love life? Will dreams help me in my career? Will dreams help me with my health? Can I use my dreams to make better decisions? What are nightmares? Can dreams help me with my financial situation? Are all dream symbols the same for everyone? Why don't I always remember my dreams? How can I improve my life by understanding my dreams? What are the benefits? How many kinds of dreams are there? Do I ever dream about past lives? You will finish this book with a new and better
