The Duveen Letter:

The Duveen letter Sir Edwin Hartley Cameron Leather,1982 **The Duveen Letter** Edwin Leather,1980-01-01

The Letters of Bernard Berenson and Isabella Stewart Gardner, 1887-1924, with Correspondence by Mary Berenson Bernard Berenson,Isabella Stewart Gardner,Mary Berenson,1987 [Bernard Berenson, the Making of a Legend](#) Ernest Samuels,Jayne Samuels,1987

Controversy swirls around Bernard Berenson today as it did in his middle years before and between two world wars Who was this man this supreme connoisseur of Italian Renaissance painting How did he support his elegant estate near Florence his Villa I Tatti What exactly were his relations with the art dealer Joseph Duveen What part did his wife Mary play in his scholarly work and professional career The answers are to be found in the day to day record of his life as he lived it as reported at first hand in his and Mary s letters and diaries and reflected in the countless personal and business letters they received His is one of the most fully documented lives of this century Ernest Samuels having spent twenty years studying the thousands of letters and other manuscripts presents his story in absorbing detail Berenson helped Isabella Stewart Gardner build her great collection and performed similar though lesser services for other wealthy Americans It was merely an avocation and a useful source of income his vocation was scholarship But after 1904 when the book opens his expertise was in ever greater demand a purchaser s only assurance of the authorship of an Italian painting was the opinion of an expert and in this field Berenson was pre eminent Increasingly he was drawn into the lucrative world of the art dealers inevitably Joseph Duveen found it essential to enlist his services at first ad hoc then by contractual agreement Samuels charts the course of Berenson s long association with Duveen Brothers detailing the financial arrangements the humdrum chores and major contested attributions the periodic clashes between the stubborn scholar and the arrogant entrepreneur The portrayal of Berenson s relationship with Mary is especially intriguing a union of opposites in all but brains and wit bonded despite love affairs jealousies recriminations no longer by passion but by shared concerns Impinging on their lives are those of a huge circle of friends and acquaintances in America and the beau monde of Europe Both as biography and as a chapter of social and cultural history it is a compelling book **Supreme Court 850 , Dutch Paintings in the Metropolitan Museum of Art** Walter A. Liedtke,Metropolitan Museum of Art (New York, N.Y.),2007 Presents a catalog that surveys the Dutch paintings found in the Metropolitan Museum of Art *Money in the Air* Gail Feigenbaum,Sandra van Ginhoven,Edward Sterrett,2024-06-25 This volume explores the crucial role of art dealers in creating a transatlantic art market in the late nineteenth and early twentieth centuries There was money in the air ever so much money wrote Henry James in 1907 reflecting on the American appetite for art acquisitions Indeed collectors such as Henry Clay Frick and Andrew W Mellon are credited with bringing noteworthy European art to the United States with their collections forming the backbone of major American museums today But what of the dealers who possessed the expertise in art and recognized the potential of developing a new market model on both sides of the Atlantic *Money in the Air* investigates the often overlooked

role of these dealers in creating an international art world Contributors examine the histories of well known international firms like Duveen Brothers M Knoedler Co and Goupil Cie and their relationships with American clients as well as accounts of other remarkable dealers active in the transatlantic art market Drawing on dealer archives scholars reveal compelling findings including previously unknown partnerships and systems of cooperation This volume offers new perspectives on the development of art collections that formed the core of American art museums such as the National Gallery of Art the Metropolitan Museum of Art and the Frick Collection

Stewards of the Nation's Art Andrea Geddes Poole, 2010-02-13 Between 1890 and 1939 the groups of men involved in running Britain's four main public art galleries the National Gallery the Tate Gallery the Wallace Collection and the National Portrait Gallery were embroiled in continuous power struggles *Stewards of the Nation's Art* examines the internal tensions between the galleries administrative directors the aristocrats dominating the boards of trustees and those in the Treasury who controlled the funds as well as board appointments Andrea Geddes Poole uses meticulous primary research from all four of these institutions to discuss changing ideas about class education and work during this period The conflicts between aristocratic trustees and administrative directors were not only about the running of the galleries but also reflected the era's strain between aristocratic amateurs and nouveau riche professionals *Stewards of the Nation's Art* is an absorbing study that explores the extent to which the aristocracy was able to hold on to cultural power in an increasingly professional and meritocratic age

Old Masters Worldwide Susanna Avery-Quash, Barbara Pezzini, 2020-10-15 As a result of the Napoleonic wars vast numbers of Old Master paintings were released on to the market from public and private collections across continental Europe The knock on effect was the growth of the market for Old Masters from the 1790s up to the early 1930s when the Great Depression put an end to its expansion This book explores the global movement of Old Master paintings and investigates some of the changes in the art market that took place as a result of this new interest Arguably the most important phenomenon was the diminishing of the traditional figure of the art agent and the rise of more visible increasingly professional dealerships firms such as Colnaghi and Agnew's in Britain Goupil in France and Knoedler in the USA came into existence *Old Masters Worldwide* explores the ways in which the pioneering practices of such businesses contributed to shape a changing market
