**Amelia Earhart** Marie K. Long,Elgen M. Long,2000-01-15 When Amelia Earhart disappeared on July 2 1937 she was flying the longest leg of her around the world flight and was only days away from completing her journey Her plane was never found and for more than sixty years rumors have persisted about what happened to her Now with the recent discovery of long lost radio messages from Earhart s final flight we can say with confidence that she ran out of gas just short of her destination of Howland Island in the Pacific Ocean From the beginning of her flight a series of tragic circumstances all but doomed her and her navigator Fred Noonan Authors Elgen M and Marie K Long spent more than twenty five years researching the mystery surrounding Earhart s final flight before finally determining what happened They traveled over one hundred thousand miles to interview more than one hundred people who knew some part of the Earhart story They draw on authoritative sources to take us inside the cockpit of the Electra plane that Earhart flew and recreate the final flight itself Because Elgen Long began his own flying career not long after Earhart s disappearance he can describe the equipment and conditions of the time with a vivid first hand accuracy As a result this book brings to life the primitive conditions under which Earhart flew in an era before radar with unreliable communications grass landing strips and poorly mapped islands Amelia Earhart The Mystery Solved does more than just answer the question What happened to Amelia Earhart It reminds us how daring early aviators such as Earhart were as they risked their lives to push the technology of the day to its limits and beyond

*Amelia Earhart's Faustian Bargain* Dr. Justin B. Clearsky,2023-05-24 About the Book On July 09 2017 the History Channel aired a television documentary called Amelia Earhart The Lost Evidence which attracted a world wide audience of 4.3 million views The highlight of the History Channel s Earhart documentary was a photograph discovered by retired federal agent Les Kinney in the National Archives stamped with official Office of Naval Intelligence ONI markings In the photo a ship can be seen towing a barge with an airplane on the back and on a nearby dock are several people of which two of them resemble Amelia Earhart and Fred Noonan For the truth seeker who is interested in understanding the whole story behind Earhart s

round the world flight who earnestly desires to know who really sponsored and funded the flight why the Electra was modified the way it was why the plane crashed in Hawaii why an identical plane of the same model was in Miami the same week Earhart departed on her trip what Earhart really did during the week she was in Bandoeng why Earhart's radio messages were crafted the way they were and what really prevented Earhart and Noonan from completing the flight are all questions that are answered in this work and more with evidence to back them About the Author The author's work also devotes one entire chapter to a detailed forensic study and analysis of all that is captured in the Kinney discovered dock photo and as a result can once and for all time stamp the date the photograph was taken A work that reexamines the mountain of evidence that all along has been staring the world in the face ever since Earhart and Noonan disappeared A work that is crammed with informative photographs charts diagrams maps and analyses from an author who is now retired and free from all former oaths and obligations formerly made to and given in the service of the devil
