The Early Years Of Lenin:

Lenin's Childhood Isaac Deutscher, 2024-01-23 When he died suddenly in 1967 Isaac Deutscher had completed only the compelling first chapter of a long anticipated biography of Lenin published here It covers Lenin s family background birth and early years in the backwater town of Simbirsk up to the execution of his brother a traumatic formative event Drawing on a lifetime of background research including access to the closed section of Trotsky s archives Lenin s Childhood gives a novel interpretation of the earliest influences on Lenin s personality and thinking Most of all it is a glimpse into an unfinished work which would have striven to save Lenin from fanatical anti revolutionary condemnation and perhaps more important from uncritical communist beatification This anniversary edition includes an introduction by Deutscher s biographer Gonzalo Pozo which situates the Lenin project within Deutscher s oeuvre and discusses the sources influences and evolution of his never completed life of Lenin

The Early Years of Lenin Nikolaï Valentinov, 1969 Explores the childhood and youth of V I Lenin examining his origins and early revolutionary activity and analyzing his crucial relationship with his brother Alexander who was executed in 1887 after an attempt on the Tsar s life

Lenin's Political Thought Neil Harding, 2009 Caricatured as a superhuman idol in the former Communist states the Russian revolutionary socialist V I Lenin has long been reversely caricatured in the West as an authoritarian elitist In this brilliant carefully researched analysis Neil Harding upends these traditional Cold War interpretations of Lenin s thought and activity Harding shows how Lenin s flexible and continuously changing theoretical strategic and tactical insights were firmly grounded in the emancipatory potential for working class revolution in Russia and around the world Neil Harding is an internationally renowned scholar of Soviet history
