World Is One Creature

Daniel Defoe, Howard Maynardier

World Is One Creature:

Amor Mundi J.W. Bernauer,2012-12-06 The title of our collection is owed to Hannah Arendt herself Writing to Karl Jaspers on August 6 1955 she spoke of how she had only just begun to really love the world and expressed her desire to testify to that love in the title of what came to be published as *The Human Condition* Out of gratitude I want to call my book about political theories *Amor Mundi* In retrospect it was fitting that *amor mundi* love of the world never became the title of only one of Arendt's studies for it is the theme which permeates all of her thought The purpose of this volume's titles is to pay a critical tribute to this theme by exploring its meaning the cultural and intellectual sources from which it derives as well as its resources for contemporary thought and action We are privileged to include as part of the collection two previously unpublished lectures by Arendt as well as a rarely noticed essay which she wrote in 1964 Taken together they engrave the central features of her vision of *amor mundi* Arendt presented *Labor Work Action* on November 10 1964 at a conference *Christianity and Economic Man Moral Decisions in an Affluent Society* which was held at the Divinity School of the University of Chicago **A new voyage round the world by a course never sailed before** Daniel Defoe,Howard Maynadier,1904
