Wreck Of The Penn Central:

The Wreck of the Penn Central Joseph R. Daughen, Peter Binzen, 1999 It took ten years of laborious planning and exhaustive negotiations to create the mammoth Penn Central Railroad the largest railroad in United States history When the leviathan was finally born of a merger between the Pennsylvania and New York Central Railroads on February 1 1968 the event was hailed as a great day for railroading But the baby giant survived only 367 days The crash of the Penn Central set a new record this time for the largest bankruptcy the United States had ever seen The Wreck of the Penn Central provides a close up view of the events that brought the Big Train to bankruptcy court over regulation subsidized competition big labor featherbedding greed corporate back stabbing stunning incompetence and yes even a little sex **The wreck of the Penn Central** Joseph R. Daughen, 1971 **The Wreck of the Penn Central** Joseph R. Daughen, Peter Binzen, 1971 **The Wreck of the Penn Central** Brenda Jackson, Penguin Books Staff, Ronald L McDonald, 1973-04-17 **Goliath** Matt Stoller, 2020-10-06 Every thinking American must read The Washington Book Review this startling and insightful The New York Times look at how concentrated financial power and consumerism has transformed American politics and business Going back to our country s founding Americans once had a coherent and clear understanding of political tyranny one crafted by Thomas Jefferson and updated for the industrial age by Louis Brandeis A concentration of power whether by government or banks was understood as autocratic and dangerous to individual liberty and democracy In the 1930s people observed that the Great Depression was caused by financial concentration in the hands of a few whose misuse of their power induced a financial collapse They drew on this tradition to craft the New Deal In Goliath Matt Stoller explains how authoritarianism and populism have returned to American politics for the first time in eighty years as the outcome of the 2016 election shook our faith in democratic institutions It has brought to the fore dangerous forces that many modern Americans never even knew existed Today s bitter recriminations and panic represent more than just fear of the future they reflect a basic confusion about what is happening and the historical backstory that brought us to this moment The true effects of populism a shrinking middle class and concentrated financial wealth are only just beginning to manifest themselves under the current administrations The lessons of Stoller s study will only grow more relevant as time passes An engaging call to arms Kirkus Reviews Stoller illustrates here in rich detail how we arrived at this tenuous moment and the steps we must take to create a new democracy **The Pennsylvania Railroad** Albert J. Churella, 2024-11-26 The final volume of Albert J Churella s landmark series The Pennsylvania Railroad concludes the story of the iconic transportation company covering its long decline from the 1930s to its merger with the New York Central Railroad in 1968 Despite some parallels with World War I the experience of World War II had a substantially different impact on the Pennsylvania Railroad The introduction of new technologies personnel and commuter routes had significant effects on this giant of American transportation The recession of 1958 sparked a period of decline from which it and many other railroads struggled to fully recover The Pennsylvania Railroad

The Long Decline 1933 1968 provides an unparalleled look at the final years of this legendary company which in its prime was the largest corporation in the world with a budget second only to that of the US federal government The Wreck of the Penn Central Karen A. Nagel,1987 **Penn Central Study** ,1973 **Nixon's Economy** Allen J. Matusow,1998 Historian Allen J Matusow now presents the first comprehensive history of Nixon s political economy He depicts a president who disliked the subject but was forced to pay attention or lose his dream of effecting a historic realignment of the political parties in America The study derives its authority from extensive archival research in Nixon s presidential papers including notes by Haldeman and Ehrlichman of crucial conversations in the Oval Office Matusow shows the poverty of contemporary economic theory Nixon s willingness to sacrifice the world economy for his domestic political purposes and his desperate attempts to find something anything that might work Lurching from one set of policies to another Matusow argues Nixon achieved only illusory successes that ultimately brought on a decade of economic disaster *Classed Subject Catalog* Engineering Societies Library,1971 Citizens State Bank V.
