Psychoanalysis

JIVITESH VASHISHT

Psychoanalysis has served as a time-tested, albeit occasionally contentious, method for interpreting a range of literary and cultural works, but how might we account for its own textual cultures and practices? For that matter, are psychoanalytic and literary genres distinct entities, or is their interface significantly more porous than we might imagine at first? In what follows, I review four critical texts published in 2020 (a double issue of a journal and two monographs) that grapple with various aspects of these questions and offer rich, formally attentive studies of psychoanalytic writing and its entanglements with literary genres such as the novella, memoir, and autobiography. The review is organized into four sections: 1. Introduction. *Psychoanalysis: A Writing Cure?* 2. After John Forrester: Reopening the Psychoanalytic Case, which discusses Felicity Callard and Chris Millard's guest-edited issue of *History of the Human Sciences* entitled *Thinking In, With, Beyond, and Across Cases with John Forrester*; 3. The Freudian Case History and its Literary Legacies, devoted to Arne Höcker's *The Case of Literature: Forensic Narratives from Goethe to Kafka*; and 4. Recovering the Analysand's Voice, which explores Anat Tzur Mahalel's *Reading Freud's Patients: Memoir, Narrative, and the Analysand*.

1. Introduction. *Psychoanalysis: A Writing Cure?*

Adam Phillips opens his 2002 collection of essays, *Equals*, with the claim that psychoanalysis is a 'listening cure' as much as a 'talking cure', before proceeding to redescribe analytic work aphoristically as 'an agreement that two people will bear together the consequences of their listening (to themselves and each other)' (p. 2). And yet there also exists another line of thinking that privileges writing—the process as well as the product—over speaking and listening as the conceptual, historical, and clinical substratum of psychoanalysis as envisioned by Sigmund Freud. Most iterations of this argument are, by now, over-familiar. In 'Freud and the Scene of Writing' (1967), for instance, Jacques Derrida

what a woman is and where women might be going *Writing Through Repression* Michael G. Levine,1994 What does it mean to treat a dream as a censored text Why does Freud turn to the realm of politics when attempting to describe dreams and the forces that shape them What happens to the concept of censorship when it enters Freudian discourse Is its political significance lost in translation or does Freud's borrowing somehow render enigmatic what we thought we understood under the name of censorship and under the name of borrowing In *Writing Through Repression* Michael Levine juxtaposes readings of psychoanalytic literary and critical texts to explore these questions Rather than seeking to extract a particular notion of censorship from Freud in order to apply it elsewhere he argues that it is more instructive to examine the difficulties Freud has in coming to terms with this notion It is through such difficulties he suggests that Freud's text opens a different kind of dialogue with the writings of Heine Benjamin and Kafka one that opens each to the challenge and solicitation of the other

On Freud's Creative Writers and Day-dreaming Ethel S. Person, Peter Fonagy, Servulo Augusto Figueira, 2018-03-22 This volume contains Freud's essay *Creative Writers and Daydreaming* which explores the origins of daydreaming and its relation to the play of children and the creative process Each contributor offers an insightful commentary on the essay **Sabina Spielrein and the Poetry of Psychoanalysis** Michael Plastow, 2018-12-07 Sabina Spielrein who has been mostly known for her relation with her analyst Carl Jung came to the attention of the wider public following the discovery and publication of some of her diaries and personal letters some 40 years ago The focus on her relationship with Jung and her personal story have consequently led to a neglect of her writings with many of her crucial texts even remaining untranslated into English *Sabina Spielrein and the Poetry of Psychoanalysis* seeks to re address this distortion of her legacy by examining her original contribution to the field such as her early analytical work with children Spielrein referred to moments of intimacy between herself and Jung as poetry Indeed as a response to what can be considered the inevitable failure in her relationship to Jung Spielrein wrote poetry and songs notes and theoretical papers These writings are examined here as her means of finishing her own analysis She was the first person to become an psychoanalyst through her own psychoanalysis a path that would later be recognised as a necessary part of the training for any analyst The book traces the poetry of Sabina Spielrein's writing through both its content and style examining the effect of these writings upon psychoanalysis and inserting them into a lineage of what Lacan would later call the *passee* a device that is open for the analysand to finish his or her analysis and accede to the place of psychoanalyst This book will be of interest to scholars and practitioners of psychoanalysis and other clinicians including those who work with children those interested in the early history of psychoanalysis and those concerned with women's writing more generally *Still Crazy After All These Years: Women, Writing & Psychoanalysis* Rachel Bowlby, 2010 *The Writer and Psychoanalysis* Edmund Bergler, 1950 **Subject to Biography** Elisabeth Young-Bruehl, 1998 This book pays tribute to 14 women who donated millions of dollars to causes close to their hearts

Femininity, Desire and Sublimation in Psychoanalysis Elda Abrevaya, 2022-08-12 *Femininity Desire and Sublimation*

in Psychoanalysis explores female subjectivity and examines the complexities inherent in psychoanalytic work realized by women analysts with women. The book includes a critical study of psychoanalytic theories on femininity as well as a reflection on social aspects of gender. Elda Abrevaya envisages different paths to femininity illustrated in the text with studies of Virginia Woolf and Marguerite Duras and examines the vicissitudes of the relation of the little girl with the mother and her crucial challenge which is separation from the mother in order to access erotic life and the use of cultural objects. Femininity, Desire and Sublimation in Psychoanalysis also explores the question of sublimation shedding light on a field that has not been sufficiently explored in terms of female sexuality and female identity. Throughout the book sublimation in women comes to the forefront as a source of satisfaction, liberation and participation in public life. The book will be important reading for psychoanalysts and other clinicians in the field of mental health as well as academics in the fields of gender studies, literature, philosophy and sociology.

Psychodynamics of Writing Martin Weegmann, 2018-08-06. Psychoanalysis is often referred to as a talking cure but in this fascinating book it is the art of writing that is discussed and explored. Including contributions from a selection of leading therapists, the book shines a psychoanalytic light on the very process through which the discipline is described. It includes chapters on the idea of creativity, the issues around a therapist's subjectivity, the challenges of describing trauma as well as those of co-authorship. **Psychodynamics of Writing** will appeal to clinicians, therapists and anyone interested in what the process of writing means.

Psychoanalysis and Fiction Daniel Gunn, 1990-05-10. Daniel Gunn's aim is to investigate ways in which psychoanalytic writing and certain kinds of creative fiction can be seen to have common concerns, objectives and procedures. He examines the work of various psychoanalysts from Freud through to Lacan as well as more recent practitioners/writers such as Maud Mannoni and Serge Leclair together with the work of creative writers like Proust, Kafka, Samuel Beckett and Marguerite Duras. His conclusion is that such questions as origins, ambivalence and repetition are presented and worked out in both types of discourse and that the similarities and differences between the ways in which they are presented shed light on those discourses themselves when it comes to understanding, for example, the relationship between an author and his reader or a psychoanalyst and his patient.
