## **The Learning Paradigm College:**

The Learning Paradigm College John Tagg, 2003-04-04 In *The Learning Paradigm College* John Tagg builds on the groundbreaking *Change* magazine article he coauthored with Robert Barr in 1995 *From Teaching to Learning A New Paradigm for Undergraduate Education* That piece defined a paradigm shift happening in American higher education placing more importance on learning outcomes and less on the quantity of instruction As Tagg defines it Where the Instruction Paradigm highlights formal processes the Learning Paradigm emphasizes results or outcomes Where the Instruction Paradigm attends to classes the Learning Paradigm attends to students The Learning Paradigm College presents a new lens through which faculty and administrators can see their own institutions and their own work The book examines existing functional frameworks and offers a way to reenvision and recast many familiar aspects of college work and college life so that readers may better understand their learners and move toward a framework that focuses on learning outcomes Divided into five parts the book introduces the Learning Paradigm concentrates on understanding our learners provides a framework for producing learning discusses the six essential features of the Learning Paradigm college and focuses on how to become a Learning Paradigm college Eminently clear and accessible descriptions of the features of the Learning Paradigm are paired with examples of how institutions of higher education around the country are transforming themselves into Learning Paradigm colleges The Learning Paradigm College is both hopeful and realistic about what all those involved in higher education can achieve

**Academe Demarcated No More: Disciplines and Interdisciplinarity** Andrzej Włodarczyk, Ph.D., 2014-07-31 The purpose of this three year long multiple qualitative case study was to explore and gain an in depth understanding of the process of collaborative teaching as an alternative method of instruction in higher education It was my intention to identify distinct stages of the process and depict issues involved in it Comprehensive synthesis of acquired observations provides pedagogical and curricular insights for students faculty administrators and broader academic community in the context of existing research The collaborations were conducted by three teams of faculty members teaching in a major research university

*A Learning College for the 21st Century* Terry U. O'Banion, 1997-05-16 Many earlier attempts at education reform have failed causing some critics to call for a much more expansive wave of reform in which learning becomes a central focus O Banion presents an argument for the community college with its strong penchant for innovation and risk taking as the ideal forum for creating this new learning paradigm He proposes a provocative new concept called the learning college which is designed to help students make passionate connections to learning The book describes in detail the six key principles that form the definition and character of a learning college Emerging models of this concept are already in place at a handful of community colleges and six of these pioneering institutions share their initial journeys in this book O Banion provides a practical guide for community college leaders who are preparing their institutions to enter the 21st century

*Establishing and Sustaining Learning-Centered Community Colleges* Christine Johnson McPhail, 2005-01-31 Today's most

prominent thought leaders weigh in on the learning paradigm calling for institutional change and responsibility for learning positive outcomes This book helps leaders develop structures and processes that allow for more flexibility and creativity Explore all facets of the learning paradigm from developing a change receptive environment and engaging constituencies to strategic planning governance and more

Millis, Margaret W. Cohen, 2008-03-28 When it was first published in 1997 The Course Syllabus became the gold standard reference for both new and experienced college faculty Like the first edition this book is based on a learner centered approach Because faculty members are now deeply committed to engaging students in learning the syllabus has evolved into a useful if lengthy document Today s syllabus provides details about course objectives requirements and expectations and also includes information about teaching philosophies specific activities and the rationale for their use and tools essential to student success **Creating and Evaluating an Interdisciplinary Writing Program** Matthew William Seggaard, 2004 **Learning Spaces** Diana Oblinger, 2006 El espacio ya sea físico o virtual puede tener un impacto significativo en el aprendizaje Learning Spaces se centra en la forma en que las expectativas de los alumnos influyen en dichos espacios en los principios y actividades que facilitan el aprendizaje y en el papel de la tecnología desde la perspectiva de quienes crean los entornos de aprendizaje profesores tecnólogos del aprendizaje bibliotecarios y administradores La tecnología de la información ha aportado capacidades nuevas a los espacios de aprendizaje ya sea estimulando una mayor interacción mediante el uso de herramientas de colaboración videoconferencias con expertos internacionales o abriendo mundos virtuales para la exploración Este libro representa una exploración continua a medida que unimos el espacio la tecnología y la pedagogía para asegurar el éxito de los estudiantes **Faculty Workload Studies** Katrina A. Meyer, 1998-02-14 This report reviews the literature and discusses issues concerning college faculty workload and productivity Section 1 reviews the situation in the United States noting increased interest in faculty workload issues as a result of population pressures faltering economies and the rising costs of higher education especially of personnel Section 2 looks at the role of perceptions noting criticism by the business community and many legislators public opinion and views within higher education The third section reviews recent studies on faculty workload and productivity which suggest that faculty work long hours especially on teaching and teaching related activities though time spent in the classroom is relatively small A lack of studies examining productivity in faculty teaching and service is noted Beliefs which are barriers to solutions are discussed in the following section These beliefs include equating teaching with lecturing and holding faculty

responsible for all higher education's problems. The final section proposes some solutions. Among these are focusing on students learning, defining outputs, clarifying curricula and missions, realizing the potential of technology, realigning rewards for research and teaching, and encouraging new leaders and fresh ideas. Appended is an annotated bibliography of faculty workload studies. Contains approximately 200 references. DB Journal on Excellence in College Teaching, 2007
