**The Liberal Mind** Lyle H. Rossiter, 2006 Why do modern liberals think and act as they do The radical left's politics and its destructive effects on our basic freedoms have provoked many to speculate on what makes these people tick The Liberal Mind answers the question This book is the first systematic analysis of the political madness that now threatens to destroy the West's greatest achievement the American dream of civilized liberty Back cover [The Liberal Mind](#) Lyle Rossiter, Jr., Jr. Rossiter, 2011-10 Why do modern liberals think and act as they do The radical left's politics and its destructive effects on our basic freedoms have provoked many to speculate on what makes these people tick The Liberal Mind answers the question This book is the first systematic analysis of the political madness that now threatens to destroy the West's greatest achievement the American dream of civilized liberty Back cover *The Closing of the Liberal Mind* Kim R. Holmes, 2016-04-12 A former U S Assistant Secretary of State and currently a Distinguished Fellow at the Heritage Foundation Kim R Holmes surveys the state of liberalism in America today and finds that it is becoming its opposite illiberalism abandoning the precepts of open mindedness and respect for individual rights liberties and the rule of law upon which the country was founded and becoming instead an intolerant rigidly dogmatic ideology that abhors dissent and stifles free speech Tracing the new illiberalism historically to the radical Enlightenment a movement that rejected the classic liberal ideas of the moderate Enlightenment that were prominent in the American Founding Holmes argues that today's liberalism has forsaken its American roots incorporating instead the authoritarian anti clerical and anti capitalist prejudices of the radical and largely European Left The result is a closing of the American liberal mind Where once freedom of speech and expression were sacrosanct today liberalism employs speech codes trigger warnings boycotts and shaming rituals to stifle freedom of thought expression and action It is no longer appropriate to call it liberalism at all but illiberalism a set of ideas in politics government and popular culture that increasingly reflects authoritarian and even anti democratic values and which is devising new strategies of exclusiveness to eliminate certain ideas and people from the political process Although illiberalism has always been a temptation for American liberals lurking in the radical fringes of the Left it is today the dominant ideology of progressive liberal circles This makes it a new danger not only to the once venerable tradition of liberalism but to the American nation itself which needs a viable liberal tradition that pursues social and economic equality while respecting individual liberties

**The Liberal Mind 1914-29** Michael Bentley, 2007-07-12 This study is an exercise in the history of political perception and opinion It broke new ground in considering the decline of Liberalism through the eyes of Liberals themselves By concentrating on what Liberal politicians said to one another and to their audience public and private a picture is built up of the frame of mind in which those responsible for guiding Liberalism faced a worsening world after 1914 The coming of the First World War was a critical element in forming that frame of mind and the frame of mind was itself critical in deciding the fate of Liberalism in the post war years What emerges from this study is the paradox that the Liberal mind was the greatest
