Looking-Glass Wars: Spies on British Screens since 1960 Alan Burton, 2018-01-31 *Looking Glass Wars Spies on British Screens since 1960* is a detailed historical and critical overview of espionage in British film and television in the important period since 1960 From that date the British spy screen was transformed under the influence of the tremendous success of James Bond in the cinema the spy thriller and of the new style spy writing of John le Carr and Len Deighton the espionage story In the 1960s there developed a popular cycle of spy thrillers in the cinema and on television The new study looks in

detail at the cycle which in previous work has been largely neglected in favour of the James Bond films The study also brings new attention to espionage on British television and popular secret agent series such as Spy Trap Quiller and The Sandbaggers It also gives attention to the more realistic representation of spying in the film and television adaptations of le Carr and Deighton and other dramas with a more serious intent In addition there is wholly original attention given to nostalgic spy fictions on screen adaptations of classic stories of espionage which were popular in the late 1970s and through the 1980s and to historical spy fiction dramas which treated real cases of espionage and their characters most notably the notorious Cambridge Spies Detailed attention is also given to the secret state thriller a cycle of paranoid screen dramas in the 1980s which portrayed the intelligence services in a conspiratorial light best understood as a reaction to excessive official secrecy and anxieties about an unregulated security service The study is brought up to date with an examination of screen espionage in Britain since the end of the Cold War The approach is empirical and historical The study examines the production and reception literary and historical contexts of the films and dramas It is the first detailed overview of the British spy screen in its crucial period since the 1960s and provides fresh attention to spy films series and serials never previously considered

Angels Dance on the Head of a Pin GlenScott Thomas Copper,2022-12-02 The empty Sky Room was an oval Victorian greenhouse restaurant atop Chicago s about to be destroyed 17 story Majestic Hotel It was a penthouse covering three fourths of the roof which was surrounded by a safety parapet about three feet high capped with glazed tile the green color of oxidized bronze I expected that Willie would be waiting to leap out at me from behind one of the abandoned fake plants All I heard over the storm was the murmuring of pigeons hiding in the chimney from the rain I stood in the center of the room figuring Willie must have secreted herself in her trench coat and hat against one of the ebony oak pilasters along the edge of the room I waited for lightning to give away her position It did I saw her outside the glass walls through rivulets of rain as sheet lightning illuminated the clouds over the lake silhouetting Willie perched atop the parapet wall on the far corner of the building like some sort of gargoyle The tails of her trench coat were flapping in the gale rising from Quincy Street Her rain hat was gone and her drenched black curls were writhing on each side of her face I ran to the door she d left open and stepped toward her She crouched like a swimmer on a starting block staring at the bottom of the pool stories below a very dark pool A flashing traffic light jaundiced her face like some wild Hitchcock effect She didn t look at me but down toward the blinking amber light I stopped dead in my tracks not sure what to do She was perched only a few feet from where I stood If I startled her she could fall I looked for a gentle way to get her attention The low thunder from the sheet lightning over Lake Michigan growled in our faces Suddenly a shock wave of light and heat like a nuclear blast erupted as lightning struck the boom of the demolition derrick A gust of hot firey dragon breath belched from the crane Willie bolted straight up but she lost her footing on the parapet s wet glazed cap As she did I leapt from the doorway and was able to catch hold of the tail of her trench coat just as her butt hit the edge and slipped over the side I had the trench coat and the trench coat had

Willie but only by her arms I was in a tug of war where both sides would win or both sides would lose Without thought I collected all the material from her coat that I could and twisted it by ducking and pirouetting behind the parapet This wrapped the makeshift hawser around my left forearm for a more secure grip I peered over the parapet where I could see the top of Willie s head with her arms raised up above her like count Dracula about to turn into a bat and take flight Cross your arms I shouted but there was no response *A Rex Carver Companion* John Higgins,2009-08-21 A companion to the five Richard Manston Rex Carver books of Victor Canning including a biography of Canning two background essays and a comprehensive index of characters locations and themes *On the Fighting Line* Anne Constance Smedley Armfield,1915
