## **The Real Russians:**

*Real Russians* Howe Sonia Elizabeth, **The Real Situation in Russia** Leon Trotsky, 1928 Putin Country Anne Garrels, 2016-03-15 Short listed for the Pushkin House Russian Book Prize From the award winning author of *Naked in Baghdad* comes Anne Garrels s revealing look into the lives of ordinary Russians *Putin Country* More than twenty years ago the NPR correspondent Anne Garrels first visited Chelyabinsk a gritty military industrial center a thousand miles east of Moscow The longtime home of the Soviet nuclear program the Chelyabinsk region contained beautiful lakes shuttered factories mysterious closed cities and some of the most polluted places on earth Garrels s goal was to chart the aftershocks of the U S S R s collapse by traveling to Russia s heartland Returning again and again Garrels found that the area s new freedoms and opportunities were exciting but also traumatic As the economic collapse of the early 1990s abated the city of Chelyabinsk became richer and more cosmopolitan even as official corruption and intolerance for minorities grew more entrenched Sushi restaurants proliferated so did shakedowns In the neighboring countryside villages crumbled into the ground Far from the glitz of Moscow the people of Chelyabinsk were working out their country s destiny person by person In *Putin Country* Garrels crafts an intimate portrait of Middle Russia We meet upwardly mobile professionals impassioned activists who champion the rights of orphans and disabled children and ostentatious mafiosi We discover surprising subcultures such as a vibrant underground gay community and a circle of determined Protestant evangelicals And we watch doctors and teachers trying to cope with inescapable payoffs and institutionalized negligence As Vladimir Putin tightens his grip on power and war in Ukraine leads to Western sanctions and a lower standard of living the local population mingles belligerent nationalism with a deep ambivalence about their country s direction Through it all Garrels sympathetically charts an ongoing identity crisis In the aftermath of the Soviet Union what is Russia What kind of pride and cohesion can it offer Drawing on close friendships sustained over many years Garrels explains why Putin commands the loyalty of so many Russians even those who decry the abuses of power they regularly encounter Correcting the misconceptions of Putin s supporters and critics alike Garrels s portrait of Russia s silent majority is both essential and engaging reading at a time when cold war tensions are resurgent Soviet Russia ,1920 **Russia's War on Everybody** Keir Giles, 2022-11-17 You may not be interested in Russia But Russia is interested in you Russia s 2022 attack on Ukraine saw confrontation between Moscow and the West spill over into open conflict once again But Russia has also been waging a clandestine war against the West for decades Hostile acts abroad from poisoning dissidents to shooting down airliners interfering in elections spying hacking and murdering have long seemed to be the Kremlin s daily business But what is it all for Why does Russia consistently behave like this And what does it achieve In this book Keir Giles explains how and why Russia pushes for more power and influence wherever it can reach far beyond Ukraine and what it means not just for governments but for ordinary people Bringing together stories from the military politics diplomacy espionage cyber power organised crime and more Giles

describes how Moscow conducts its campaigns across the globe and how nobody is too unimportant to be caught up in them. By lifting the lid on the daily struggle going on behind the scenes to protect governments, businesses, societies, and people from Russian hostile activity, *Russia's War On Everybody* shows how Moscow's hostile intentions for the rest of the world are far broader and more ambitious and the ways it tries to achieve them far more pervasive and damaging than we realise.

**New Trends in Russian Political Mentality** Elena Shestopal, 2015-12-17. This book examines recent political and psychological changes in Russian society during Vladimir Putin's third term. Instability in 2011-2012 and new domestic and international contexts make this a unique period in the post-Soviet political history of Russia. This volume focuses on popular perceptions of Russian politics during a new electoral cycle, in particular views of political power institutions and leaders. The contributors to this collection describe and interpret recent political trends in Russian society by utilizing unique methodologies used for over twenty years, allowing results to be compared over time.
