Wonder Drugs How They Work:

Forbidden Knowledge Terence H. Young, 2023-02-21 Terence Young exposes the pharmaceutical industry secrets and cultural myths that thwart our safe use of prescription drugs Everyone should read it before their next visit to a doctor DR NANCY OLIVIERI MD physician and professor When it comes to drug safety Big Pharma holds all the power and it s time for patients to take it back Tens of millions of patients in North America take prescription drugs but the safety of these drugs is often based on medical myths We are led to believe that if a medication isn t safe the government would never allow it on the market and that doctors would never prescribe a drug that isn t proven effective Who controls these narratives And do they always have the best interests of patients in mind In an in depth study of the enormous influence the pharmaceutical industry has over our health drug safety advocate Terence Young explores how those with the most to gain financially are also those who wield all the power in health care and withhold the knowledge that is critical to the safety of patients Forbidden Knowledge reveals the truth you need to know about prescription drugs and what to do about it It will empower you to partner with your doctor to talk openly and plainly about medications to help avoid serious adverse drug reactions This is your survival guide to Big Pharma

Manager Moving Mountains Nicole Gaiziunas, 2011-11-17 Every executive board would like to have the best in their field Unfortunately this undertaking has been failing extensively and categorically for years Every year billions are spent on executive and personnel development talent management training and qualification with modest results No man agers can move mountains like this not to mention the range of challenges which are mounting up in this time of exogenous shocks threatened global supply networks and dwindling raw material sources The input principle is to blame Too much emphasis is placed on what is put in The best in class pay attention to what comes out They work according to the principle of return Training should no longer just make it possible for managers and employees to move mountains The mountains need to be moved in the training itself This is self financing and profit generating because it creates return projects which are designed to increase turnover reduce costs and or improve efficiency That s how mountains are moved With this new understanding of management development and the unleashed power of developing personalities In short with future competence The author spotlights twelve megatrends from business and society that managers across all industries will need to master with future competence in the next few years They lead in to Change Management 2 0 Transformation instead of just change
