P. Robert Stephen Silverman, 1991 Sure to appeal to the growing numbers of vocal animal rights advocates this hard hitting explanation of the concepts of animal rights critiques our so called civilized society which often condemns animals to unnecessary suffering With an introduction by Ingrid Newkirk Director of People for the Ethical Treatment of Animals **The Right Thing to Do** Ray Corbitt, 2015-01-02 Sandra Davis an employee with the federal governments Affordable Health Care Program is in a deadly catch 22 situation Keep quiet and continue to do her job or tell the truth save thousands of lives and be killed for going public Her death would be ruled a tragic case of overwork exhaustion and despair if not for the letters she sent out to 13 people Sandra has a terrible secret and now her secret is shared by several carefully selected letter holders Since the passage of the Healthcare Act the United States has changed The powers that be have too much power but nobody knows it until now Sandras letters reach their intended recipients and so begins a series of mysterious murders that stump authorities Someone with great influence is killing off everyone who received a letter from Sandra one by one Spin doctors in Washington are quick to cover up anything that might cast their operation in an unfavorable light and they are good at their jobs even when their job involves murder Still there are those willing to fight back survivors who know what theyre up against They will reveal Sandras truth at any cost in order to protect the American people despite the threat of death and dishonor [The Right Thing to Do, The Smart Thing to Do](#) Association of Academic Health Centers, Clyde H.
