Stiller In German:

The Politics of Welfare State Transformation in Germany Christof Schiller, 2016-04-20 How can we best analyse contemporary welfare state change And how can we explain and understand the politics of it This book contributes to these questions both empirically and theoretically by concentrating on one of the least likely cases for welfare state transformation in Europe It analyzes in detail how and why institutional change has taken Germany's welfare state from a conservative towards a new work first regime Christof Schiller introduces a novel analytical framework to make sense of the politics of welfare state transformation by providing the missing link the capacity of the core executive over time Examining the policy making process in labour market policy in the period between 1980 and 2010 he identifies three different policy making episodes and analyses their interaction with developments and changes in such policy areas as pension policy family policy labour law tax policy and social assistance The book advances existing efforts aimed at conceptualizing and measuring welfare state change by proposing a clear cut conceptualization of social policy regime change and introduces a comprehensive analysis of the transformation of the welfare work nexus between 1980 and 2010 in Germany This book will be of interest to students and scholars of social policy comparative welfare state reform welfare politics government governance public policy German politics European politics political economy sociology and history

The Challenge of German Literature Horst S. Daemrich, 1971

The Fall of the Russian Empire Edmund Aloysius Walsh, 1928 Fr Edmund Aloysius Walsh S J October 10 1885 October 31 1956 was an American Jesuit Catholic priest author professor of geopolitics and founder of the Georgetown University School of Foreign Service which he founded in 1919 six years before the U S Foreign Service itself existed and served as its first regent Strongly anti Communist it is alleged that Walsh was the man who first suggested to Senator McCarthy that he use this issue in order to gain political prominence Walsh vigorously promoted anti Communism thought throughout his career Wikipedia

The Oxford Companion to German Literature Henry Burnand Garland, Mary Garland, 1976 This new edition of Mary and Henry Garland's classic Oxford Companion to German Literature substantially revises and extends its coverage making an invaluable reference work available to a new generation of readers Designed to be a reliable source of information on the whole sweep of literature from German speaking countries from the eighth century onwards the Companion now comes right up to the mid 1990s including such recent works as Gunter Grass's controversial novel about the unification of East and West Germany *Ein weites Feld* 1995 The entries arranged in a single alphabetical sequence cover authors and their major works as well as historical intellectual and cultural backgrounds For this new edition much of the original material has been thoroughly reworked in the light of up to date scholarship and many completely new entries have been added allowing improved coverage of the twentieth century general topics and women writers of all periods The Companion's unrivaled historical coverage and depth of information on subjects as various as Kafka and Kleist Werther and Christa Wolf Nietzsche and the Nibelungenlied Jung and Jelinek Rilke and Die Reformation
