Stimulating Simulations Charles William Engel, Jane E. Engel, 1977 **Stimulating Simulations** C. William Engel, 1979 Simulations of Decision-Making as Active Learning Tools Peter Bursens, Vincent Donche, David Gijbels, Pieter Spoooren, 2018-03-05 This volume brings together both political and educational scientists While educational research literature has so far not systematically addressed the tool of simulations of decision making political scientists have hardly used insights from research on assessment or on motivation and interest of students Almost all political science publications on simulations merely discuss how to implement the tool in class and fall short of providing evidence of the effects on student outcomes such as increased interest and performance Combining the two disciplines is mutually enriching Political science benefits from state of the art educational science measuring and testing of the claims made by the proponents of simulations while educational sciences adds the systematic analysis of simulations of decision making to their list of empirical objects which also adds insights to the theories on the affective component of student learning It is the explicit aim of the volume to address how simulating decision making environments fosters learning Implications for research and practice regarding student learning are addressed in all chapters *Computer Games* Blair Carter, 2002 Lists the most significant writings on computer games including works that cover recent advances in gaming and the substantial academic research that goes into devising and improving computer games **Instructional Simulation Games** Sivasailam Thiagarajan, Harold D. Stolovitch, 1978 **Stimulating Simulations** C. W. Engel, 1979 Exploding the Castle Michael F. Young, Stephen T. Slota, 2017-07-20 This volume explores the future role of games in education emphasizing game mechanics and joyful learning It addresses scalability player goal adoption and game based instructional environments The book aims to shift the dialogue towards nuanced discussions reaching teachers researchers designers and players *The Reader's Guide to Microcomputer Books* Michael Nicita, Ronald Petrusha, 1984 **Computer Decisions**, 1983 **Stimulating Simulations for the IBM PC & PCjr** C.
