Studies In Postimpressionism:

Studies in Postimpressionism John Rewald, 1986-04-15 Discusses the works of Degas Seurat and Odilon Redon the Fauve movement Van Gogh's posthumous reputation and Gauguin's correspondence with fellow artists *Serendipity in Rhetoric, Writing, and Literacy Research* Maureen Daly Goggin, Peter N. Goggin, 2018-04-01 In the course of research most scholars have known moments of surprise catastrophe or good fortune though they seldom refer to these occurrences in reports or discuss them with students Serendipity in Rhetoric Writing and Literacy Research reveals the different kinds of work scholars particularly those in rhetoric writing and literacy need to do in order to recognize a serendipitous discovery or a missed opportunity In published scholarship and research the path toward discovery seems clean and direct The dead ends backtrackings start overs and stumbles that occur throughout the research process are elided and seems that the researchers started at point A and arrived safely and neatly at point B without incident as if by magic The path however is never truly clear and straight Research and writing is messy Serendipity in Rhetoric Writing and Literacy Research features chapters from twenty three writing scholars who have experienced moments of serendipity in their own work not by magic or pure chance but through openness and active waiting which offer an opportunity to prepare the mind Serendipity in Rhetoric Writing and Literacy Research illustrates the reality of doing research there is no reliable prescription or one size fits all manual but success can be found with focused dedication and an open mind Contributors Ellen Barton Zachary C Beare Lynn Z Bloom Jennifer Clary Lemon Caren Wakerman Converse Gale Coskan Johnson Kim Donehower Bill Endres Shirley E Faulkner Springfield Lyn e Lewis Gaillet Brad Gyori Judy Holiday Gesa E Kirsch Lori Ostergaard Doreen Piano Liz Rohan Ryan Skinnell Patricia Wilde Daniel Wuebben Impressionism John I. Clancy, 2003 Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet C zanne Renoir Degas and van Gogh Basically impressionism involved the shedding of traditional painting methods The subjects of art were taken from everyday life as opposed to the pages of mythology and history In addition each artist painted to express feelings of the moment instead of hewing to time honoured standards This description of impressionism obviously is quite broad and can apply to a wide array of styles Nonetheless it remains a very important school in the annals of art Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history's most revered painters Following this overview is a substantial and selective bibliography featuring access through author title and subject indexes Cubists and Post-impressionism Arthur Jerome Eddy, 1919 *Post-impressionism* Nathalia Brodskaja, 2010-01-01 Rich in its variety and in the singularity of its artists Post Impressionism was a passage taken by the well known figures of 20th century painting including Van Gogh Cezanne and Seurat **Impressionism and**

Post-impressionism, 1874-1904 Linda Nochlin,1966 The Post-impressionists Martha Kapos,1993 The New Universities Dictionary Joseph Devlin,1925 Studies in Impressionism John Rewald,Irene Gordon,Frances Weitzenhoffer,1986 Essays discuss the work and family life of Renoir Degas and Cezanne the impressionist style of painting and the role of Paul Durand Ruel an influential art dealer **The Nation** ,1913 A Theory of the Tache in Nineteenth-Century Painting ?stein Sj?ad,2017-07-05 Without question the tache blot patch stain is a central and recurring motif in nineteenth century modernist painting Manet s and the Impressionists rejection of academic finish produced a surface where the strokes of paint were presented directly as patches or blots then indirectly as legible signs C nne Seurat and Signac painted exclusively with patches or dots Through a series of close readings this book looks at the tache as one of the most important features in nineteenth century modernism The tache is a potential meeting point between text and image and a pure trace of the artist s body Even though each manifestation of tacheism generates its own specific cultural effects this book represents the first time a scholar has looked at tacheism as a hidden continuum within modern art With a methodological framework drawn from the semiotics of text and image the author introduces a much needed fine tuning to the classic terms index symbol and icon The concept of the tache as a crossing of sign types enables finer distinctions and observations than have been available thus far within the Peircean tradition The sign crossing theory opens onto the whole terrain of interaction between visual art art criticism literature philosophy and psychology **Post-Impressionism** Jane Bingham,2008-12-17 Introduces Post Impressionism including its history the famous artists and works of the movement and the different methods of painting derived during the period *The College Standard Dictionary of the English Language ... 2,500 Pictorial Illustrations* Frank H. Vizetelly,1923 Post-impressionism Thomas Parsons,Iain Gale,1999 Within a year of closing the last Impressionist exhibition in 1886 a large and disparate group of movements had appeared each with its own beliefs about the nature and function of art From Neo Impressionism to Symbolism from Gauguin and van Gogh to Matisse and Munch the program of 20th century art was emerging These individual styles are now collectively referred to as Post Impressionism This book imposes coherence and a sense of pattern upon this diverse mix of movements and individuals that reacted against the style and subject matter of the Impressionists The sociohistoric background against which Post Impressionism evolved and the international reverberations of the movement are presented Special emphasis is given to the revolution that Post Impressionism created in Russia which had effects far beyond the confines of art **The English Catalogue of Books [annual]** ,1915 Vols 1898 include a directory of publishers *The English Catalogue of Books [annual]*. Sampson Low,1915 Vols for 1898 1968 include a directory of publishers **The New International Encyclopædia: Supplement (Municipal government-Zweig) and Courses of Reading and Study** ,1925 *The Studio* ,1918 Theo Van Gogh, 1857-1891 Chris Stolwijk,Richard Thomson,1999 Theo van Gogh Vincent s younger brother was an influential art dealer working in Paris in the 1880s Artists and collectors respected him for his insight and integrity Vincent

spoke of his brother's humanity and Paul Gauguin described Theo's death as an irretrievable loss. The extensive art collection that Theo built forms the core of today's collection in the Van Gogh Museum, Amsterdam. Theo van Gogh 1857-1891: Art Dealer, Collector, and Brother of Vincent presents his life and work in the context of the French art world of his day. Dazzling illustrations include works by Vincent that held a special significance for Theo, as well as a representative selection of the works Theo bought and sold as a dealer. The book provides a fascinating study of the sympathetic and intelligent art expert Theo van Gogh and a lively portrait of European painting in the second half of the 19th century. **The English Catalogue of Books ...: 1801-1836.
