Seasoned Authors for a New Season Louis Filler, 1980 This collection of essays probes the values in a variety of authors who have had in common the fact of popularity and erstwhile reputation Why were they esteemed Who esteemed them And what has become of their reputations to readers to the critic himself No writer here has been asked to justify the work of his subject and reports and conclusions about this wide variety of creative writers vary sometimes emphasizing what the critic believes to be enduring qualities in the subject in several cases finding limitations in what that writer has to offer us today

American Drama Clive Bloom, 1995-08-15 Influenced by Ibsen and Strindberg American drama had its origins in small theatre companies and groups of semi professional players in the early 1900s whose commitment was to inspire such writers as Eugene O'Neill Susan Glaspell Imamu Amiri Baraka Arthur Miller and Tennessee Williams Born into this century American drama has acted both as a reflection and as a commentary on the dominance power and sometimes corruption of the American democratic dream Today American theatre still challenges its audiences with a powerful voice unknown to television and commercial film bringing to the fore issues of gender colour and political oppression This collection of specially written essays offers a comprehensive introduction to the subject for students wishing to familiarise themselves with this exciting field and those already involved with the current debate in the area will welcome the broad approach adopted by this volume

twenty five years of outstanding work by one of our true masters of the short story Steve Stern's stories take us from the unlikely old Jewish quarter of the Pinch in Memphis to a turn of the century immigrant community in New York from the market towns of Eastern Europe to a down at the heels Catskills resort Along the way we meet a motley assortment of characters Mendy Dreyfus whose bungee jump goes uncannily awry Elijah the prophet turned voyeur and the misfit Zelik Rifkin who discovers the tree of dreams Perhaps it's no surprise that Kafka's cockroach also makes an appearance in these pages animated as they are by instances of bewildering transformation The earthbound take flight the meek turn incendiary the powerless find unwonted fame Weaving his particular brand of mischief from the wondrous and the macabre Stern transforms us all through the power of his brilliant imagination
