Brisson, Bernard Schweizer, 2009 With its specific focus on the connections between politics travel and travel writing Not So  
Innocent Abroad offers a fresh approach to the study of travel literature The authors make clear that travel and travel writing  
are never an innocent enterprise rather journeying always occurs within political systems and travel writing either reflects  
the traveler's political stance includes political aspects of foreign cultures or directly or indirectly influences political  
decisions In contrast to most scholarly publications that primarily focus on travel literature of former colonial nations this  
volume includes a broader range of travelogues depicting cultures worldwide spanning from the eighteenth to the twenty  
first century It thus offers with its comparative approach not only a geographically wide selection but also an historical  
dimension to the political aspects of travel writing Although most travel literature generally has followed the Horatian  
principle to instruct and delight the armchair traveler the authors of this volume clearly address the broader political  
implications of travel and travel writing within networks of naked politics such as international or interior conflicts  
emigration laws or national propaganda They also reveal how insidiously political messages are dissimulated through travel  
writing *Wisconsin Reports* Wisconsin. Supreme Court, 1974 Thaddeus Stevens William Bishop Whitaker, 1949
