Telling About God Experience:

Human Experience and the Triune God Bernhard Nausner, 2008 The overarching aim of this work is to develop a new account of the doctrine of the Trinity The author proposes that such an approach is overdue because contemporary trinitarian theology pays insufficient attention to the fact that theology as linguistic discourse is inescapably embedded in human experience Hence the critical analysis of existing trinitarian constructions Gunton LaCugna Moltmann is impressively sharp In response Nausner develops an interstitial methodology working between experience and revelation refusing both revelational and experiential positivisms In dialogue with contemporary novels the human sciences Frankl Weizsäcker philosophy Levinas and biblical narratives he offers an imaginative original and contemporary way of conceiving the doctrine of the Trinity in relation to human life

Talking with the Children of God Gordon Shepherd, Gary Shepherd, 2024-04-22 Grounded in direct systematic observation by neutral observers Talking with the Children of God is a unique study of the radical religious movement now known as The Family International The book draws on extraordinarily candid interviews with the group's leaders and administrative staff In revealing new information about the organization's history beliefs and use of prophecy Gordon Shepherd and Gary Shepherd offer a highly detailed case study that is both an antidote to sensationalized coverage of the group and a means for understanding the transformational practices of new religious movements in general One of the most controversial groups emerging from the Jesus People movement of the 1960s the Family originally was known as The Children of God Under leader David Berg members proclaimed an apocalyptic Endtime shunned secular occupations lived communally and adopted unusual sexual practices that led to abuse scandals in the 1970s and 1980s Following Berg's death in 1994 the organization began to dramatically alter its evangelization efforts and decision making processes Talking with

the Children of God builds a picture of a complex organization with ten thousand core members worldwide including details on the lives careers and responsibilities of the second generation and their efforts to defend their faith The authors summarize the Family s history and beliefs as well as its controversial past In particular they analyze the organization s use of prophecy or channeled revelations from Jesus and other spiritual beings for making decisions and setting policy revealing how this essentially democratic process works and how it shapes Family life and culture These remarkable insights are the result of sixteen years of surveys and field observations conducted in Family member homes in sixteen countries plus four days of face to face interviews with Family leaders and organizational staff The volume also includes condensed transcripts of the interviews with analysis by Shepherd and Shepherd

How to Tell God from the Devil A. Roy Eckardt, 2018-01-16
How to Tell God From the Devil is the first book to depict the relationship among comedy the Devil and God Drawing from Jewish and Christian theories Eckardt describes comedy as a means to distinguish the divine from the diabolic He presents a thorough critique of efforts throughout history to justify God in the presence of radical evil and suffering How to Tell God From the Devil is a sequel to Eckardt s fascinating earlier study *Sitting in the Earth and Laughing* Eckardt offers a theological vision of the comic and shows its practical use in differentiating God from the Devil The viewpoint presupposed is a special application of the incongruity theory of humor which sees humor as an attempt to deal with inexplicable occurrences Eckardt shows how humor can make faulty explanations tolerable for examining evil and suffering particularly the notion that God can somehow be excused for the terrible evils extant in the world Eckardt critiques dualistic views that make the Devil and God independent sovereign beings and monistic views that try to reduce evil to non being Eckardt holds God to be ultimately responsible for evil in such ways that the only final resolution of evil if there is such is a form of divine comedy Eckardt employs a variety of historical psychological sociological philosophical and theological sources He discusses and assesses such diverse figures as Martin Luther Reinhold Niebuhr Zen Buddhists Conrad Hyers Nancy A Walker Jon D Levenson and Harvey Cox How to Tell God From The Devil is an exceptional work and will be significant and enjoyable for sociologists theologians philosophers and specialists concerned with the study of humor
