The Chauvinists Bedside:

The Male Chauvinist Pig Julie Willett, 2021-04-27 In the social upheavals of the 1960s and 1970s a series of stock characters emerged to define and bolster white masculinity Alongside such caricatures as the Playboy and the Redneck came a new creation the Male Chauvinist Pig Coined by second wave feminists as an insult the Male Chauvinist Pig was largely defined by an anti feminism that manifested in boorish sexist jokes But the epithet backfired being a sexist pig quickly transformed into a badge of honor worn proudly by misogynists and in time it would come to define a strain of right wing politics Historian Julie Willett tracks the ways in which the sexist pig was sanitized by racism popularized by consumer culture weaponized to demean feminists and politicized to mobilize libertine sexists to adopt reactionary politics Mapping out a trajectory that links the sexist buffoonery of Bobby Riggs in the 1970s the popularity of Rush Limbaugh s screeds against Feminazis in the 1990s and the present day misogyny underpinning Trumpism Willett makes a case for the potency of this seemingly laughable cultural symbol showing what can happen when we neglect or trivialize the political power of humor

The Chauvinist's Bedside Book David Olive, 1994-06-01 This book is a collection of the most stupid offensive and arrogant things said about women from Aristotle to Zsa Zsa Gabor Illustrated throughout by the artist Barry Blitt the book includes chapters on politics sports the sciences the arts and entertainment with quotes ranging from the ridiculous to the sublimely ridiculous **Bedside Guardian** 36 K. Memories of Lenin Vol. II Nadezhda K. Krupskaya, 2017-07-11 Written by Lenin s wife and life companion Nadezhda K Krupskaya and translated by Eric Verney from the second Russian edition published at Moscow 1930 this is Part I of an intimate account of the life of Lenin and his wife covering the years 1893 1907 Although ostensibly written as memoirs of Krupskaya herself by reason of her close connection with Lenin the book is mainly about him and is widely regarded as the only written account that gives a true picture of Lenin the individual Richly illustrated throughout with pictures of prominent revolutionaries the book reveals perhaps in spite of herself the modest devoted yet independent nature of Krupskaya The book is not merely the memoirs of the wife of Lenin but of his colleague and co worker who was much more than a mere reflection of her more famous partner **Plurality and Perspective in Psychoanalysis** Adam Rosen-Carole, 2013-02-28 Psychoanalysis is a historical discourse of suffering and healing under conditions of modernity rather than a metaphysical discourse of universal truth and must be so due to the ontological indeterminacy of psychic life Demonstrating this proceeds through the substantiation of two primary theses First pluralism in psychoanalysis thus the perspectival character of psychoanalytic knowing is irreducible Second psychic life is partially pliable to interpretive constitution rather than a self subsistent object domain fully available to third personal objective description Together these theses provide the framework for a radical rethinking of the authority of psychoanalytic knowledge and practice and of the nature of psychoanalytic claims to objectivity Psychoanalytic interpretations are best understood as existentially interrogative they test who and how one

might be and if successful to some extent identity formative The validity conditions of psychoanalytic knowledge thus concern the creation discovery of satisfactory forms of practice orienting self narration rather than those regularly operative in the natural sciences However an adequate assessment of psychoanalytic claims requires that the claims of science are given due consideration and the impediments to practice orienting self narration under conditions of late modernity are acknowledged
