Time Falling Bodies Take To Light:

The Time Falling Bodies Take To Light William Irwin Thompson, 1996-04-15 In the opening passages of his classic book *The Time Falling Bodies Take to Light* William Irwin Thompson asks the question But what is myth that it returns to mind even when we would most escape it Acknowledging the pervasive power of myth to create and inform culture Thompson answers this question by weaving descriptions of the human abilities to create life and to communicate through symbolic myths based on male and female forms of power Taking us from the earliest periods of prehistory through the time of female goddess worship to the rise of the male dominated warrior state Thompson shows the passage of humankind s relationship to nature from initial awe to persistent conquest At the end of his journey Thompson finds an answer to his original question myth is the history of the soul its creation is ongoing and its power is never ending This is a beautiful and fascinating book now being reissued for a new generation of readers as well as for those it inspired originally

She Who Spins the Coils of Creation Leslene della-Madre, 2023-06-28 Leslene della Madre s book *She Who Spins Creation Sacred Female Cosmology in the Electric PlasMA Universe* is essential medicine and a much needed balm for the spirit in these perilous times of toxic masculinity toxic capitalism toxic patriarchy and the perpetuation of the annihilation of women s wisdom and power also known as the Inquisition in which female embodied existence and wisdom continue to be silenced and every attempt to eradicate us deny our culture belittle and erase our knowledge continues to unfold It is also a master class in how to excavate and reclaim female embodied experience wisdom empowerment and sovereignty Della Madre exposes the misogyny inherent in patriarchal myth and science from physics to molecular biology delving into the mysteries of matter the mammalian egg mythologies of female origins the Electric Universe plasMA cosmology and much much more She invites us to awaken to the reality of a truly female cosmology that has always reflected as above so below

and always will but that has been denied and subjected to nearly complete erasure in numerous ways by male dominated realities In doing so she invokes us to challenge the amnesia of the ages question all we have been told about who we are where we come from and who we can become She implores us to feel our horns and wings again and reclaim a world in which we understand that we are all electric plasMA beings intertwined and interconnected in tune with the cosmos the greater organism This is the way to heal the violence that has been done to the Earth Nature and women by thousands of years of patriarchal colonization This book is also a clarion call for action for women to re member our magic and to seek guidance from the ancestral realms to help restore us to whole holy ness This profound book should be made into a documentary series Mary Saracino author LAMBDA award finalist [The Time Falling Bodies Take to Light](#) William Irwin Thompson,1981 Investigates the intersection of science history art and religion in myth as a way of illuminating human nature and providing a new understanding **Harlan Ellison's Watching** Harlan Ellison,2015-03-10 An enjoyable irascible collection of smart and sometimes scathing film criticism from a famously candid author Library Journal Everyone s a critic especially in the digital age but no one takes on the movies like multiple award winning author Harlan Ellison Renowned both for fiction A Boy and His Dog and pop culture commentary The Glass Teat Ellison offers in this collection twenty five years worth of essays and film criticism It s pure raw unapologetic opinion Star Wars Luke Skywalker is a nerd and Darth Vader sucks runny eggs Big Trouble in Little China A cheerfully blathering live action cartoon that will give you release from the real pressures of your basically dreary lives Despite working within the industry himself Ellison never learned how to lie So punches go unpulled the impersonal becomes personal and sometimes even the critics get critiqued as he shares his views on Pauline Kael or Siskel and Ebert Ultimately it s a wild journey through the cinematic landscape touching on everything from Fellini to the Friday the 13th franchise As Leonard Maltin writes in his preface I don t know how valuable it is to learn Harlan Ellison s opinion of this film or that but I do know that reading an Ellison essay is gong to be provocative infuriating hilarious or often a combination of the above It is never time wasted Let me assure you Harlan Ellison is never dull **Building a Win-Win World** Hazel Henderson,1997-10-09 She finds paths from competition to cooperation from global abuse to grassroots solutions and thus from isolated despair to communal action Gloria Steinem World renowned futurist Hazel Henderson extends her twenty five years of work in economics to examine the havoc the current economic system is creating at the global level Markets are now spreading worldwide a spread which is often equated with the hope of democracy spreading along with it But markets still run on old textbook models that ignore social and environmental costs leading to a new kind of warfare global economic warfare Building a Win Win World examines how jobs education health care human rights democratic participation socially responsible business and environmental protection are all sacrificed to global competitiveness Henderson shows many ways out of the dilemmas faced by all countries She also describes a trend toward grassroots globalism citizens movements that are addressing poverty social inequities pollution resource depletion violence
