The Commercial and Financial Chronicle ,1926 *Washington State Register* ,2007 contains the full text of proposed emergency and permanently adopted rules of state agencies executive orders of the governor notices of public meetings of state agencies rules of the state supreme court summaries of attorney general opinions and juvenile disposition standards *Seeking Justices* Michael Comiskey,2004 In the long shadows cast by the Robert Bork and Clarence Thomas nominations Supreme Court confirmations remain highly contentious and controversial This is due in part to the Senate s increasing reliance upon a much lengthier much more public and occasionally raucous confirmation process in an effort to curb the potential excesses of executive power created by presidents seeking greater control over the Court s ideological composition Michael Comiskey offers the most comprehensive systematic and optimistic analysis of that process to date Arguing that the process works well and therefore should not be significantly altered Comiskey convincingly counters those critics who view highly contentious confirmation proceedings as the norm Senators have every right and a real obligation he contends to scrutinize the nominees constitutional philosophies He further argues that the media coverage of the Senate s deliberations has worked to improve the level of such scrutiny and that recent presidents have neither exerted excessive influence on the appointment process nor created a politically extreme Court He also examines the ongoing concern over

presidential efforts to pack the court concluding that stacking the ideological deck is unlikely As an exception to the rule Comiskey analyzes in depth the Thomas confirmation to explain why it was an aberration offering the most detailed account yet of Thomas s pre judicial professional and political activities He argues that the Senate Judiciary Committee abdicated its responsibilities out of deference to Thomas s race Another of the book s unique features is Comiskey s reassessment of the reputations of twentieth century Supreme Court justices Based on a survey of nearly 300 scholars in constitutional law and politics it shows that the modern confirmation process continues to fill Court vacancies with jurists as capable as those of earlier eras We have now seen the longest period without a turnover on the Court since the early nineteenth century making inevitable the appointment of several new justices following the 2004 presidential election Thus the timing of the publication of *Seeking Justices* could not be more propitious Educational Leadership Judy Reinhartz, Don M. Beach, 2004 This textbook and guide for administrators covers the concepts and skills relevant to the creation of collaborative school cultures It addresses topics like campus culture fiscal management communication community partnerships and organizational change Case studies illustrate major principles **Report of Cases Argued and Determined in the Supreme Court and in the Court of Appeals of the State of Idaho** Idaho.
