The CEO Playbook for Strategic Transformation Scott A. Snell,2024-08-13 There is no CEO task more significant than leading change in an organization whose old business model needs updating Large scale change involves rethinking how to engage customers partners and suppliers with new technology and hard decisions about how to reorganize internal operations plus the challenges of executing the transformation The stakes are high filled with risk and reward obvious to all and it often fails Why Most organizations aren't built for change they're designed for stability scale and repetition Too many things can go wrong from natural organizational resistance and inertia to lack of strategic focus to execution problems And yet organizations today must be more dynamic than ever before Strategy is dynamic not static and requires agility nimbleness rapid resource deployment and organizational change This practical playbook helps CEOs and other key leaders reduce the risks and see through the overwhelming complexity of a major change in organizational strategy Unlike many other books on leading change that focus narrowly on overcoming resistance The CEO Playbook for Strategic Transformation offers a comprehensive framework involving 4 major tasks for leaders 1 Establish and Communicate the Urgent Need 2 Engage Stakeholders 3 Mobilize the Organization and 4 Develop Organizational Agility Leaders who guide their organizations through these stages are far more likely to succeed than those who lack a playbook Professor Scott Snell shares insights based on years of experience working with organizations undergoing change He also provides a set of self-assessments frameworks for action and interventions to help senior leaders succeed at their most challenging and important task

Others Listen Maryam Pasha, 2026-03-26 With Maryam's questions, gentle guidance, and unwavering encouragement, we wrote and delivered a talk about Squiggly Careers that's been watched by more than 2 million people. Now everyone can benefit in the way that we did. Having Maryam's book by your side means you will speak in a way that makes people sit up and take notice. Sarah Ellis, Co-founder of Squiggly Careers: "Amazing! If I've been a public speaker for 16 years and even I learned a lot from *How To Speak So Others Listen*. This book will help you find your voice and then teach you how to use it. I highly recommend it to anyone." Sofie Hagen: "Cuts through and clarifies exactly what you need to know to deliver a talk that makes a difference." Roman Krznaric: "TED speaker and author of *The Good Ancestor*. Maryam Pasha has worked with hundreds of high-profile speakers, including philanthropists, Nobel prize-winning academics, and business leaders, as a storytelling coach and curator for TEDxLondon. In this book, she shows how anyone can learn to become a better public speaker by harnessing the power of storytelling. Human connection starts with stories, and being able to tell them—being compelling, clear, and impactful when you speak—is a skill everyone needs to develop to stay relevant and effect change in the workplace, your community, and beyond. It's something that many activists and people engaged in social change already know well; you can have all the data and facts in the world, but it's stories that move the needle. Stories have the power to build empathy, help to shift mindsets, and open up new possibilities. *How To Speak So Others Listen* provides a practical toolkit for anyone and everyone who wants to get better at public speaking, whatever that looks like for you. This book will also help you to believe that what you have to say is worth saying and show you how to find the power of your own unique voice to bring about positive change in your own life and the world around you. Expert, compassionate, and often hilarious guidance on how to find your own voice, whoever you are." David Lan: "Maryam Pasha turns everything you think you know about communication on its head: a practical and masterful guide to effective communication." Julia Shaw: "How To Speak So Others Listen is a must-read for anyone wanting to learn how to communicate with humanity and joy. I love her advice and empathetic approach on how to share personal stories with the world." Jamie Windust
