The Changing Mood in America Faustine Childress Jones-Wilson,1977 **The Changing Mood in America** Faustine Childress Jones-Wilson,1977 **The Paralysis of Analysis in African American Studies** Stephen Ferguson II,2023-09-21 Stephen C Ferguson II provides a philosophical examination of Black popular culture for the first time From extensive discussion of the philosophy and political economy of Hip Hop music through to a developed exploration of the influence of the postmodernism poststructuralist ideology on African American studies he argues how postmodernism ideology plays a seminal role in justifying the relationship between corporate capitalism and Black popular culture Chapters cover topics such as cultural populism capitalism and Black liberation the philosophy of Hip Hop music and Harold Cruse s influence on the cultural turn in African American studies Ferguson combines case studies of past and contemporary Black cultural and intellectual productions with a Marxist ideological critique to provide a cutting edge reflection on the economic structure in which Black popular culture emerged He highlights the contradictions that are central to the juxtaposition of Black cultural artists as political participants in socioeconomic struggle and the political participants who perform the rigorous task of social criticism Adopting capitalism as an explanatory framework Ferguson investigates the relationship between postmodernism as social theory current manifestations of Black popular culture and the theoretical work of Black thinkers and scholars to demonstrate how African American studies have been shaped **Encyclopedia of African American History, 1896 to the Present** Paul Finkelman,2009 Alphabetically arranged entries from A to C that explores significant events major persons organizations and political and social movements in African American history from 1896 to the twenty first century *African American Education* Cynthia L. Jackson,2001-05-04 A unique reference work providing information and resources on the main issues concerning the education of African Americans over the past two decades From 1954 to the present from preschool programs like Headstart to historically black colleges and universities African American Education A Reference Handbook explores the black educational experience Statistical analysis and anecdotal evidence along with interviews with leading black educators help readers understand the African American perspective on such controversial issues as testing curriculum choice institutional approaches affirmative action and the effects of desegregation Readers will also discover how the striking incompatibility between early informal education experiences and later formal education results in a dichotomy that sets African Americans apart from other groups *Discretionary Equality* Joseph King Jr. EdD,2011-05-04 Discretionary Equality traces the history of the school desegregation enforcement efforts of the Education Departments Office for Civil Rights Ed OCR This study begins with a discussion of the historical factors leading to the inconsistent application of the equal educational policy Very shortly after the old Department of Health Education and Welfare was established in 1953 a significant court decision *Brown v Board of Education* ordered the desegregation of the nations schools From the *Brown* decision in 1954 to 1981 equal education policy was inconsistently enforced at the national

level The causal factors of inconsistent educational policy and enforcement are rooted in many complex social and political forces Author Dr Joseph King Jr reviews the development and status of current affirmative action procedures and provides an overview of the legislation in the Congress that has developed since the enactment of the Civil Rights Act of 1964

Discretionary Equality offers a critical analysis of presidential leadership congressional initiative and the effects of political interest groups as contributing factors in the lack of uniformity of policy and enforcement of school desegregation Finally addressing timely issues it identifies the current consequences of the departments inconsistent implementation of equal educational opportunity
