## **The Mediums:**

The Mediums Handbook Rev. Gordon M. Bromley, 2012-08-29 Here is a book that has no competition It is unique in that it covers the whole spectrum of mediumship There are many books in the market about various pieces of what a medium needs to know but this is the only one that not only covers those subjects all together in one book but also includes other areas that do not usually get taught I have been involved in spiritual aspects for over fifty five years with over thirty years demonstrating and teaching including running open and closed circles I have also been the circle leader for physical phenomena where there were materialisations on a regular basis I have demonstrated and taught in the Netherlands Spain USA Germany Denmark and UK I have spent thirty years of my life writing nonfiction in the area of engineering These books covered operating and maintenance manuals on a very wide scale These include mechanical electrical electronic pneumatic hydraulic refrigeration photographic and optical disciplines This book is not only intended as a basic tutorial for novices but also as a reference book on spiritual information for spiritual teachers Author quote I know that our loved ones communicate with us but it often takes a competent medium to relay the information The mediums' book Allan Kardec, 2021-11-11 Dear friends do not believe every spirit but test the spirits to see if they are of God 1 Jn 4 1 This work the second volume of the Codification of the Spiritist Doctrine explains how and in what ways spirits manifest themselves in the physical world and how to test them to determine if they are of God The Mediums Book is the second of the five volumes comprising the Codification of the Spiritist Doctrine Its author Allan Kardec explains that The Mediums Book combines the special teachings of the Spirits concerning the theory behind all kinds of manifestations the means of communicating with the invisible world the development of mediumship and the difficulties and pitfalls that may be encountered in the practice of Spiritism The Mediums Book is indispensable reading and provides priceless advice to Spiritists It will always be a precious source of knowledge for any person who inquires into and considers the mediumistic phenomenon that has increasingly manifested itself throughout the world within or apart from formal Spiritist activities Since we human beings are an integral part of the interchange between the physical and the spirit planes of life it is best that we understand the mechanisms of this relationship as much as possible The Mediums Book is the safest manual for all those who dedicate themselves to activities involving communication with the spirit world **The Medium and the Minister** Roger Straughan, 2022-04-29 You don't have to be religious to believe there may be a life after death The Medium and the Minister explores psychical and religious approaches to the possibility of an afterlife The tensions and conflicts between these two approaches and the heated controversies they have generated are illustrated by a number of case studies These focus on the challenges posed by psychical research and spiritualism to orthodox religion as the ultimate authority for information and teaching about the afterlife Prominence is given initially to the campaigns of Sir Arthur Conan Doyle and Sir Oliver Lodge which aimed to publicise the psychical evidence and to the Church's reaction to them Later developments and initiatives to try to reconcile

the opposing positions are then examined in the light of further psychical research The issues raised are shown to be still highly relevant to current beliefs and attitudes and to the question of what might constitute evidence for life after death

Spirit-mediums and conjurors George Sexton,1873     **The Scientist and the Psychic** Christian Smith,2020-12-29  
Weaving together the story of his fractured relationship to his mother with research into her paranormal abilities Dr Christian Smith has created in *The Scientist and the Psychic* a captivating one of a kind memoir of belief skepticism and familial love Christian Smith realized his mother was different in the autumn of 1977 when he was eight years old Before then he d witnessed s ances at home and the kids at school sometimes teased him about his mom being a witch so he sensed that his life wasn t typical But it wasn t until he was backstage at a renowned concert venue in Toronto watching from behind a curtain as Geraldine commanded an audience of 2 000 with her extrasensory readings that he understood she was special As Geraldine s only child he would assume the role of the quiet observer while she guided a live CBC broadcast of a s ance made startling and consistently accurate predictions and eventually moved to LA to work with the parents of murder victims and with convicted murderer Jeffrey R MacDonald Over time the high profile and emotionally depleting work affected Geraldine s health and relationships Addiction took over her life and her son pulled away Fast forward to the present day Christian is a molecular biologist and Geraldine is retired and in poor health They are closer than they ve ever been and now he gives us the story of her undeniable perceptual abilities and pioneering work as a psychic and endeavours to make scientific sense of it     **The Word** ,1908     **Where are the dead? or, Spiritualism explained.
