War Dog Al J. Venter,1904-07-20 Mercenaries have been with us since the dawn of civilization yet in the modern world they are little understood While many of today s freelance fighters provide support for larger military establishments others wage war where the great powers refuse to tread In War Dog Al Venter examines the latter world of mercenary fighters effecting decisions by themselves In the process he unveils a remarkable array of close quarters combat action Having personally visited every locale he describes throughout Africa and the Middle East Venter is the rare correspondent who had to carry an AK 47 in his research along with his notebook and camera To him covering mercenary

actions meant accompanying the men into the thick of combat During Sierra Leone s civil war he flew in the front bubble of the government s lone Hind gunship piloted by the heroic chopper ace Nellis as it flew daily missions to blast apart rebel positions In this book the author not only describes the battles of the legendary South African mercenary company Executive Outcomes he knew the founders personally and joined them on a number of actions After stemming the tide of Jonas Savimbi s UNITA army in Angola an outfit many of the SA operators had previously trained Executive Outcomes headed north to hold back vicious rebels in West Africa This book is not only about triumph against adversity but also losses as Venter relates the death and subsequent cannibalistic fate of his American friend Bob MacKenzie in Sierra Leone Here we see the plight of thousands of civilians fleeing from homicidal jungle warriors as well as the professionalism of the mercenaries who fought back with one hand and attempted to train government troops with the other in hopes that they would someday be able to stand on their own The American public as well as its military largely sidestepped the horrific conflicts that embroiled Africa during the past two decades But as Venter informs us there were indeed small numbers of professional fighters on the ground defending civilians and attempting to conjure order from chaos In the process their heroism went unrecorded and their combat skill became known only to each other In this book we gain an intimate glimpse of this modern breed of warrior in combat Not laden with medals ribbons civic parades or even guaranteed income they have nevertheless fought some of the toughest battles in the post Cold War era They simply are and perhaps always will be War Dogs AL J VENTER has been an international war correspondent for nearly thirty years primarily for the Jane s Information Group He has also produced documentary television films on subjects from the wars in Africa and Afghanistan to sharkhunting off the Cape of Good Hope Among his previous works are The Iraqi War Debrief Why Saddam Hussein Was Toppled and Iran s Nuclear Option Tehran s Quest for the Atomic Bomb A native of South Africa he is currently resident in the United Kingdom

Always Faithful William W. Putney,2002-02-22 Twenty three year old Bill Putney enlisted in the Marines in 1943 in search of military glory Instead Putney a licensed veterinarian was relegated to the Dog Corps Putney became the

Commanding Officer of the 3rd War Dog Platoon and later the chief veterinarian and C O of the War Dog Training School at Camp Lejeune North Carolina At Lejeune Putney helped train America s dogs for war in the Pacific He later led them into combat in the invasion of Guam in 1944 the first liberation of American soil in World War II Always Faithful is the story of the dogs that fought in Guam and across the islands of the Pacific a celebration of the four legged soldiers that Putney both commanded and followed It is a tale of immense courage but also of incredible sacrifice On Guam as on islands such as Iwo Jima and Okinawa the Japanese were infamously tenacious refusing to surrender as long as there was a hole left to crawl into Rooting out the enemy was an awful painstaking job To this task Putney s dogs were well suited Used for scouting attack carrying messages detecting mines and also as guards the war dogs were so well trained that they could locate nonmetallic mines that had been buried for months deep underground their hearing was so precise they could detect enemy trip wires by listening to them sing in the breeze Their record in action was perfect More than 550 patrols on the island of Guam were led by dogs not one patrol was ambushed But for this success the dogs always out in front paid a terrible price Although Putney worked feverishly as veterinarian and C O to keep the dogs alive many were lost After the war Putney returned home only to discover that the dogs he had served with were being put to sleep These dogs were ex household pets recruited from civilians with the promise that they would someday be returned Outraged Putney fought for the dogs right to go home He won and headed the overwhelmingly successful program to detrain the dogs so they could return to their families Alas quickly learned the lesson was quickly forgotten The dogs of Korea and Vietnam did not come home Then in the final days of his administration President Clinton signed into law a bill that allows military handlers to bring home the dogs with which they work Once again Putney was at the front of the charge For anyone who has ever read Old Yeller or the books of Jack London here is a real life story never before told that beats any fiction At once wistful tribute and stirring adventure Always Faithful describes what may be the greatest man dog effort of all time It will both astound and move you

Buddies L. Douglas Keeney,2015-08-07 Enjoy the fun photos and heartwarming stories of WWII s American soldiers and their dogs One of the

most effective forms of American propaganda during World War II was the morale boosting dog or buddy photo. The photos reassured folks back home that despite the horrors of the war their boys were still boys. Buddies: Heartwarming Photos of GIs and Their Dogs in World War II is chock full of photos of warriors and their pups along with stories of the dogs and their service in Europe and the Pacific. This new edition includes even more photos and tales of furry friends on the front. Max a Boxer was a full fledged paratrooper in the Army who earned his wings after five jumps. Skippy a pit bull pointer was such a big part of his bomber crew that members painted him on their B 17 Flying Fortress and fitted him with a custom oxygen mask. Don't forget the salty dogs of the navy such as Hobo who followed his pals when they took a beach. Private Chico a marine mutt promptly dug his own foxhole after landing on Bougainville. The US Coast Guard counted many puppies who were born on ships among their furriest and possibly most beloved sailors. Pete the Pooch a tenacious terrier even helped bring in mooring lines. Although dogs were the most popular mascot a few chickens crows cats goats and monkeys made their way into the hearts of our fighting men. Get the full story on these companions too. **Cry Havoc** Nigel Allsopp, 2011

Features outstanding coverage of the employment of dogs in military and law enforcement organisations around the world.

War Dogs Greg Bear, 2014-10-14. An epic interstellar tale of war from a master of science fiction. One more tour on the red. Maybe my last. They made their presence on Earth known thirteen years ago. Providing technology and scientific insights far beyond what mankind was capable of. They became indispensable advisors and promised even more gifts that we just couldn't pass up. We called them Gurus. It took them a while to drop the other shoe. You can see why looking back. It was a very big shoe completely slathered in crap. They had been hounded by mortal enemies from sun to sun planet to planet and were now stretched thin and they needed our help. And so our first bill came due. Skyrines like me were volunteered to pay the price. As always. These enemies were already inside our solar system and were moving to establish a beachhead but not on Earth. On Mars. **Military Dogs** Marty Gitlin, 2019-08-01. Did you know that the use of war dogs has been traced back
